BRINGING MUSICIANS TOGETHER TO
TRANSFORM • GROW • INSPIRE

Adams 12 Five Star Schools MUSIC

MUSIC *in* MIDDLE & HIGH SCHOOL

Opening doors to limitless creative expression and empowering students with the essential skills to innovate, collaborate, and thrive in our ever-changing world.

Music shows students how to connect, think, and lead. Music education is an engaging and transformative discipline that equips students with critical thinking, emotional intelligence, and collaborative problem-solving skills vital for any future pathway.

Beyond mastering performance and technique, music develops a resilient mindset that fosters confidence and discipline to elevate academic and personal growth.

Whether performing in band, choir, or orchestra ensembles, producing and editing music in Music Technology, earning college credit through Music Appreciation via Concurrent Enrollment, or building an inclusive community in Positive Music, our students become bold creators and adaptive leaders ready to shape any future they choose.

WHAT STUDENTS WILL GAIN

MUSICAL LITERACY

Developing skills in music literacy and performance.

ENSEMBLE COLLABORATION

Working collaboratively in a group toward a common goal.

COGNITIVE DEVELOPMENT

Enhancing critical thinking, memory, and spatial reasoning.

SELF-DISCIPLINE

Cultivating long-term focus through consistent effort.
