Vice Principal's Message

Dear Fellow BINUSIANS,

May I help?

These three words can make a big difference.

At BINUS SCHOOL Surabaya, we believe that education is about nurturing individuals who notice the needs of others, show compassion, and take sustainable action to make a positive impact. As emphasized in our school vision, we empower generations to live with purpose and lead with compassion.

Helping begins with being aware, and it can start with something as simple as asking, "May I help?" This powerful question can transform our school culture and create an environment where kindness becomes visible.

This November 2026, as we celebrate our first anniversary as a school, let us continue to nurture a safe, caring, inclusive, and dynamic community. We all have something to contribute, and even a small act of kindness can make someone feel seen, valued, and supported.

At our school, "May I help?" is more than a question. It is a reflection of who we are and the community we aspire to become.

Warm regards,

Dr. Richel Langit-Dursin
Vice Principal and PYP Coordinator

Tooth Be Told, We Had a Great Time!

Who knew a trip to the dentist could be this exciting? We traded our usual roles for tiny lab coats and became little dentists for a day at Ciputra Hospital!

We explored the world of dental care, learned how to keep our smiles healthy, and discovered what it takes to be a real dentist. No cavities in our curiosity, just lots of questions and big smiles!

Who knows? Today's little dentists could be tomorrow's big heroes!
Until our next adventure, keep smiling!

Plot Twist: Our Leaders Are Teaching the Teachers!

Who says learning is just for students? Our school leaders are taking it to the next level!

From 23–25 October 2026, our very own Principal, Mr. Alexandre Nenes, and Vice Principal, Ms. Richel Langit-Dursin, swapped their school routines for the facilitator's spotlight at the IB Workshops held at BINUS SCHOOL Simprug, Jakarta!

Joining 22 IB workshop facilitators, Mr. Alex led an engaging session on MYP Individuals and Societies (Category 2), while Ms. Richel inspired fellow educators through Agency, Action, and Engagement (Category 3).

Bringing educators from Indonesia and beyond together, they shared ideas, sparked conversations, and proved that great leadership is all about learning, sharing, and growing together!

Because at BINUS SCHOOL Surabaya, even our leaders never stop learning!

Different Passions,
Remarkable Achievements

Making Waves, Winning Medals!

Who says making a splash is just about having fun? Our very own Christopher made waves at SWIM FEST 2026, winning 1st Place in the 18m Freestyle and 2nd Place in the 33m Freestyle (KU D)!

With determination and every powerful stroke, Christopher proved that hard work pays off.

Two races, two achievements, and one shining star! Congratulations, Christopher! Keep swimming, keep shining, and keep making waves!

The Game Beyond the Game!

"I'm happy that my idea could become something special. This experience taught me to keep learning, creating, and believing in myself!"

Our very own Felisha proved that creativity has no boundaries by earning a Silver Award at the Inventors Day Competition!

With curiosity, imagination, and determination, she turned her ideas into an achievement worth celebrating.

A little creativity can spark something big!

A Little Splash, A Lot of Teamwork!

The children participated in a fun water-pouring challenge, where they worked together to transfer water from one cup to another.

As they took turns, carefully poured the water, and encouraged one another, the children practised patience, cooperation, and communication.

This experience reminded the children that friendships grow stronger when we work together, support one another, and celebrate our achievements as a team!

Exploring the World Through Chinese Character Practice

Who knew a few strokes could tell so many stories?
This semester, our students have explored the fascinating world of Chinese characters through fun writing exercises and creative hands-on crafts.

From mastering basic strokes to discovering the history and culture behind each character, every lesson brings a new adventure!

With practice and creativity, no character is too tricky every stroke tells a story!

Your Voice Matters, Your Safety Counts!

Our Principal had a heart-to-heart session with our Primary students about something super important: knowing their rights, staying safe, and speaking up when something just doesn't feel right!

The big takeaway? Your voice matters! Whether it's a little worry or a big concern, students learned that speaking up is a superpower and asking for help is always a brave move.

And guess what? They've got a team cheering them on! Our Child Protection Lead is always here to listen, support, and make sure every child feels safe and heard.

Because at BINUS SCHOOL Surabaya, every voice counts, every child matters, and no one has to face their worries alone!

Around the World Without Leaving the Classroom!

Who says you need a passport to explore the world?

Our students went on a cultural adventure as they wrapped up their UOI, Who We Are! From discovering fascinating traditions to exploring the unique customs of different countries, the classroom became a little window to the world.

Through fun activities and shared discoveries, students learned that every culture has its own story, traditions, and special identity. They also discovered that understanding different cultures helps us appreciate one another and celebrate what makes everyone unique.

Different cultures, one big world, and endless reasons to keep exploring!

The Grade 7 Variety Show: Expect the Unexpected!

What happens when different talents share one stage? Magic! Grade 7 brought their Assembly to life with exciting group performances and Alfonso's captivating solo piano performance.

Filled with creativity, laughter, and a few witty surprises, the show celebrated individuality and teamwork.

More than entertainment, it reflected our BINUS S.P.I.R.I.T. Values. Well done, Grade 7! You certainly struck the right note!
