

OCTOBER'S NEWSLETTER

WVW SPECIAL EDUCATION DEPARTMENT

Ms. Malo's class at Dana Street Elementary had fun in October! We took a trip to Roba's to see where pumpkins grow and had so much fun! We also had fun being silly during Spirit Week!

Mr. Pevear's Class!

Here is a group picture of Mr. Pevear's class celebrating Ms. Patty's birthday! She's such an asset to the class and we appreciate everything she does for the students!

P.S she has a Masters Degree in Special Ed 😊

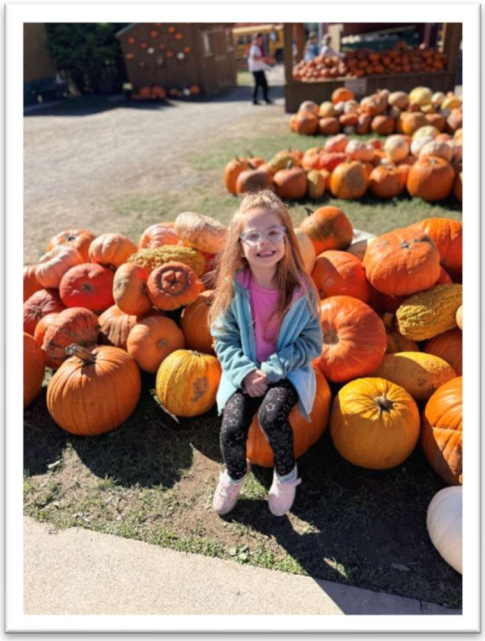

Roba's Fun!

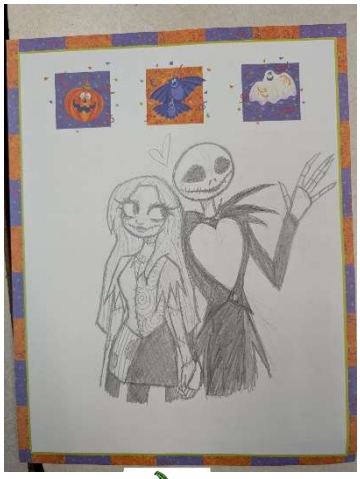

Mrs. Thompson's class enjoying a beautiful fall day at Roba's Farm!

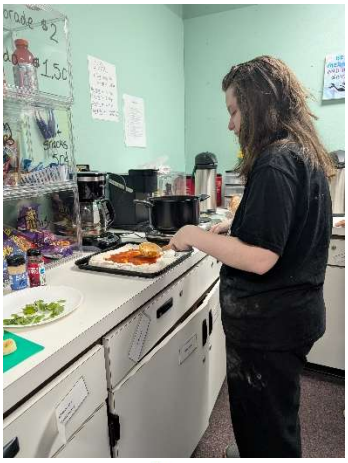

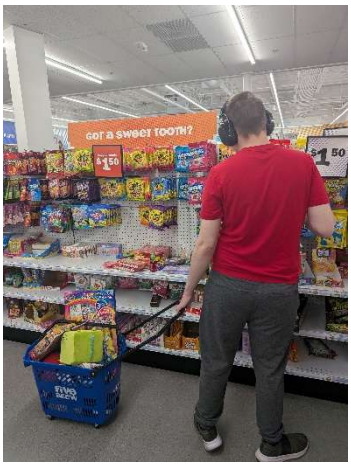

In Mrs. Allbritain's Autistic Support class, October was a jam-packed month of events! We wrote letters to Jack Skellington with some drawings, traveled to Ollie's Restaurant for grilled cheese, went shopping at Five below for our Halloween party, and created some delicious homemade pizzas!

Ms. Kobusky took her class to Whistle Pig Pumpkin Patch. The students got to pick and decorate their own pumpkins, take a ride around the farm lands, and learn about the life cycle of pumpkins!

Mrs. Petty's K-2 Autistic Support Classroom enjoyed the Fall Fun Festival at State Street Elementary. The class learned about some adorable animals and had the opportunity to pet them. They also participated in some pumpkin craft activities, bounce houses, and enjoyed some snacks afterwards in the classroom. This seasonal event sponsored by the State Street Kindergarten classroom teachers is one of my students' favorite activities and something we look forward to every year!

Middle School AS and LSS Class!

The Life Skills Support and Autistic Support classes visited the Kingston Forty Fort Fire Department to learn about fire safety. Students learned what to do in the event of a fire, practiced the important rule of "Get Out and Stay Out," reviewed Stop, Drop, and Roll, and had the opportunity to explore the inside of an ambulance and fire truck. Afterward, students practiced their community skills by ordering lunch at Lino's Pizza & Restaurant.

Mrs. Pacosky's Class!

Chester Street Elementary School participated in a Fire Safety Presentation and Touch a Trunk on October, 28th, where the students were given the opportunity to talk to first responders and learn a little about how important their jobs are and how they keep us safe!
