School Community News: We had a wonderful informational session this past week for prospective families! A special thank you to several of our Student Council members, who did a fantastic job serving as student greeters and representing our school.

Thank you for your continued support, and have a great week!

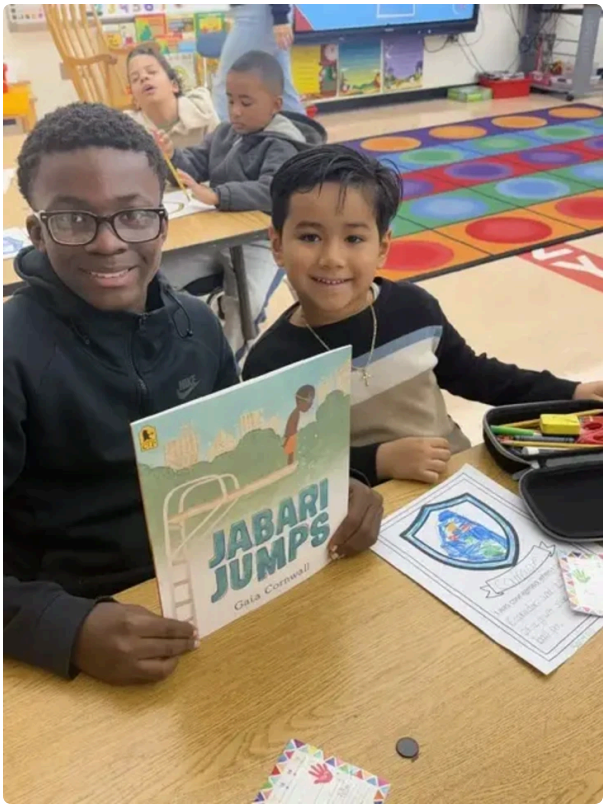

Sincerely,
Principal Carlton

Choose Love Buddies

Reading buddies, deep conversations, and creative courage! 🛡️ This week, our Hart scholars joined forces across grade levels to explore the **Choose Love** pillar of courage. After sharing the story *Jabari Jumps* by Gaia Cornwall, buddies talked through what it means to be brave and crafted their very own Courage Shields. We loved seeing our older and younger students encouraging one another and strengthening our school community!

Pop up Party to Celebrate Attendance

On Wednesday morning, our entire school came together for a lively game of whole-school Bingo! A special congratulations to **Ms. Serricchio's 4th-grade class** for winning this round's fun prize. We have many more attendance celebrations planned for this school year—remember to **Show Up, Be Present, and Make a Difference!**

Hart Magnet Student Council Pink Out Success! 💖

Hart Magnet School was washed in pink this past Friday thanks to a fantastic Pink Out organized by our Student Council, with generous support from the PTO! Every student received a pink beaded necklace to show unity, with a suggested donation of $1 to support breast cancer awareness. **Raising awareness and funds for breast cancer research is vital to supporting patients, honoring survivors, and funding life-saving medical care.** Student Council is charged with building school spirit, providing leadership opportunities, and taking on community service projects—and our Hart community truly stepped up by raising **$455.15**, which will be donated to a local organization supporting those fighting breast cancer!

Hands-On Autumn Fun in Kindergarten! 🎃

Our Kindergarteners dove headfirst into all things autumn this week with an exciting, hands-on pumpkin exploration! Little hands got right to work scooping out seeds, counting their messy findings, creating colorful pumpkin artwork, and carving out big smiles. It was a fantastic blend of math, art, and seasonal discovery that had our youngest scholars beaming with excitement.

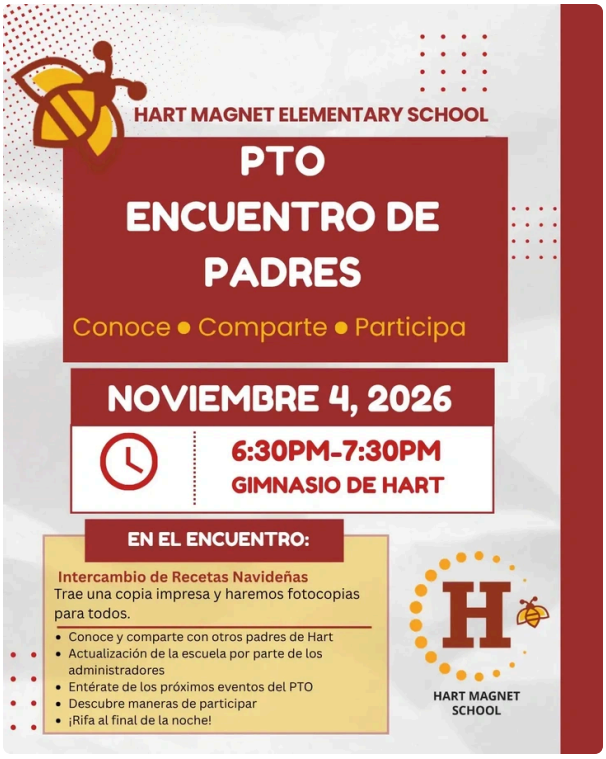

Author Visit

Our 2nd graders enjoyed an interactive visit from Hart Magnet parent and author Kirti Sadafale Deshmukh! She read excerpts from her newly published STEAM book and led a lively Q&A session with our curious second-grade thinkers.
