November 2, 2026

Dear Haslett Families,

The school year is off to a great start thanks to our amazing students and staff. Our Strategic Plan, approved by the Board of Education in August 2025, commits us to graduating students who are "ready to shape their future," with the skills to be critical thinkers, clear communicators, and collaborative problem-solvers. To make sure our buildings support that kind of learning, we are evaluating our facilities and working with staff and our community on a long-term plan for our learning environments and our aging infrastructure.

Over the next year, we will review our facilities assessment, gather ongoing feedback from teachers and support staff through a staff advisory team, form a Future-Ready Facilities steering committee, and seek feedback from families and community members. Looking ahead to a potential bond proposal, our goal is a continuation of the current debt millage rate. The Board of Education will decide next spring what a potential proposal might include.

What Comes Next

- **Fall and Winter:** Review facilities assessment. Staff advisory team gathers feedback from every school. Form steering committee.
- **Winter and Spring:** Evaluate and prioritize needs. Evaluate costs and funding sources. Recommendation to the Board of Education for a potential bond.

No decisions will be made until we have heard from our staff, families, and community. If you have ideas or concerns about our buildings, now is the time to share them.

To provide transparency, we've created a Future-Ready Facilities page on our website that lays out each step of the process. We will post updates there as the work moves forward and share them at regular Board meetings.

Please be on the lookout for community listening sessions and surveys in the coming months. You are always welcome to join me for community coffee at Blondie's Barn, 7:00 to 8:00 AM on the second Wednesday of each month during the school year.

Thank you to our families for sharing your students with us. I look forward to connecting with you as we plan for the future of Haslett Public Schools.

Sincerely,

Patrick Malley
Superintendent
