Charlotte-Mecklenburg Board of Education Seeks Community Input on Legislative Advocacy Priorities

CHARLOTTE, N.C. — The Charlotte-Mecklenburg Board of Education is inviting students, families, staff, and community members to help shape its 2027-2028 Legislative Advocacy Agenda by participating in the Board of Education's survey to help inform priorities. The board's survey closes on November 5, 2026 at 5pm.

Every two years, the board identifies legislative and public policy priorities it will advocate for with local, state, and federal leaders. These priorities focus on issues that directly affect Charlotte-Mecklenburg Schools students, educators, families, and school communities.

Based on initial feedback gathered from stakeholders, the Board has developed 25 proposed advocacy agenda items. Community input will help determine which priorities are most important and should guide the Board's advocacy efforts over the next two years.

WHAT

Community survey on the Charlotte-Mecklenburg Board of Education's proposed 2027-2028 Legislative Advocacy Agenda

WHO

Students, families, CMS employees, and community members

WHERE

The survey is available online at Survey Participation.

WHEN

The survey is open and will close on November 5, 2026 at 5:00 p.m.

WHY

Community feedback will help the Board of Education identify and prioritize the issues it will advocate for on behalf of CMS students, families, educators, and schools.
