TO: Academy of Accelerated Learning Parents, Guardians, and Families
SUBJECT: Title I Teacher and Paraprofessional Qualifications

Dear Parents, Guardians, and Families:

As the parent or guardian of a student attending the Academy of Accelerated Learning, you have the right to request information regarding the professional qualifications of your child's classroom teacher(s).

Federal law provides parents and guardians the right to request certain information regarding the qualifications of teachers who provide instruction to their children. Upon request, you may receive information regarding:

- Whether your child's teacher has met applicable state certification and licensing requirements for the grade levels and subject areas in which the teacher provides instruction.
- Whether your child's teacher is teaching under an emergency, provisional, or other status through which applicable state certification requirements have been waived.
- The college major of your child's teacher, any graduate certification or degree held by the teacher, and the field of discipline of the certification or degree.
- The qualifications of any paraprofessional or teacher aide who provides services to your child.

If you would like to request this information, please contact your campus principal and/or the Title I District Contact.

Thank you for your continued partnership and support of the Academy of Accelerated Learning.

Sincerely,

Brandon Chandler
Superintendent
Academy of Accelerated Learning
