IMPORTANT INFORMATION

Academic Integrity

Palisade High School upholds the IB Learner Profile by fostering a culture of honesty, fairness, and responsibility. Students are expected to act with integrity, take ownership of their learning, and respect the work of others.

Academic misconduct is any deliberate or unintentional behavior that gives, or may give, a student an unfair academic advantage (IBO). This includes: plagiarism, collusion, duplication of work.

PHS teaches and expects students to value learning, growth, and understanding over grades. Students in violation of the academic integrity policy may be placed on Intervention Status , and /or dismissal from the program.

2 Diplomas

Freshmen and sophomores on the Diploma Programme pathway will complete many of the D51 graduation requirements in their freshman and sophomore years. This pathway follows a structured course sequence where students must complete specific prerequisite courses to meet D51 graduation requirements and prepare for the IB Diploma Programme.

Once in the Diploma Programme (as juniors and seniors), students must commit to taking IB examinations at the end of their senior year. Exam fees are comparable to AP exam fees, and are due October of senior year. These exams determine eligibility for the internationally recognized IB Diploma.

Transportation

Students living outside the PHS boundaries may access bus transportation from designated stops at the Central Library in Grand Junction or Grand Mesa Middle School. Families may also arrange their own transportation.
