Hampton Township School District

John J. Thornton, Ph.D., NCSP
Director of Student Services

September 17, 2026

Dear Parent or Guardian:

Hampton Township School District is committed to ensuring the success of all students. Our goal is to provide a foundation that supports students in being happy, healthy, safe, engaged, and challenged so they are well-equipped to pursue and achieve their goals.

As part of our commitment to understanding the whole learner and identifying potential barriers to learning, the District will administer the Renaissance Fundamentals survey in select grades across all buildings. The survey will be administered to students in the following grades:

- Central Elementary: Grades 4 & 5
- Poff Elementary: Grades 4 & 5
- Wyland Elementary: Grades 4 & 5
- Hampton Middle School: Grades 6, 7, & 8
- Hampton High School: Grades 9 & 10

The Renaissance Fundamentals survey provides school teams with valuable insight into how students view themselves as learners and how they experience school. The survey can help identify factors that may affect student engagement and learning, including confidence, motivation, and connection to school. Developed by university researchers, the survey provides reliable and valid information that can help our educators better understand and support students.

The survey will be administered twice during the school year, once in the fall and again in the spring. Student confidentiality will be protected throughout the process.

If you have any questions about the Renaissance Fundamentals survey or its administration, please feel free to contact your building principal or me directly.

Best regards,

Dr. John J. Thornton	Dr. Joshua Cable
Director of Student Services	Poff Elementary Principal
