EDGEMONT SCHOOL DISTRICT

District Goals & Superintendent Performance Alignment

	2026-27 Superintendent Performance Goals (June 2027 Deliverables)
Goal 1: Teacher Evaluation	By June 2027, lead a comprehensive review of the District's teacher evaluation framework and recommend and/or implement improvements that strengthen the connection between evaluation, professional growth, instructional quality, and student outcomes.
Goal 2: Instructional Coherence	By June 2027, establish a districtwide framework for high-quality teaching and learning that creates greater coherence and consistency in instructional expectations across schools, grade levels, and content areas while preserving opportunities for teacher innovation and professional judgment.
Goal 3: MTSS & Data Support	By June 2027, strengthen implementation of a coherent districtwide Multi-Tiered System of Support (MTSS) that integrates student performance data, classroom evidence, intervention practices, and collaborative professional learning to improve outcomes for students requiring additional academic and/or behavioral support.
Goal 4: Grades 7–8 Initiative	By June 2027, develop and begin implementation of a comprehensive Grades 7–8 initiative informed by adolescent development research, student and staff voice, achievement and behavioral data, and evidence-based middle school practices.
Goal 5: Communication Systems	By June 2027, establish and implement a cohesive districtwide communication and engagement system that improves the timeliness, consistency, accessibility, transparency, and effectiveness of communication with families, staff, students, and the broader Edgemont community.
