2026–27 CHARLOTTE LATIN UPPER SCHOOL PROFILE

CHARLOTTE LATIN SCHOOL

SCHOOL AND COMMUNITY

The founders of Charlotte Latin School shared a vision of a school where academic excellence is encouraged, leadership is cultivated, liberal arts are valued, and phonics-based reading is essential. Since 1970, Latin has educated thousands of students in the importance of learning, citizenship, service to others, hard work, and Honor Above All.

- Latin is a safe place for students to express themselves and learn. Each student is known as an individual and as a member of our school community.
- Relationships are key. Our faculty and staff teach, coach, counsel, encourage, support, and care for our students.
- Academic excellence and highly skilled teachers are the foundation of our school.
- We value diversity and the inclusion of various viewpoints, perspectives, and backgrounds. As a community of learners, we are committed to creating a welcoming and supportive environment that accepts and honors all people.

OUR MISSION

OUR MISSION is to encourage individual development and civility in our students by inspiring them to learn, by encouraging them to serve others, and by offering them many growth-promoting opportunities.

DIVERSITY AND INCLUSION

Our culture of inclusive excellence is rooted in the school's Mission and Core Values. We embrace the creativity that arises from diverse points of view, honor our students' rich cultural experiences, and aspire to foster a sense of belonging for every member of our school community.

ACCREDITATION

Southern Association of Independent Schools

MALONE SCHOLARS SCHOOL

Charlotte Latin School is proud to be North Carolina's only Malone Scholars School, endowed by the Malone Family Foundation to provide scholarships to highly capable students.

MIT PARTNER FAB ACADEMY

Charlotte Latin is the world's only K-12 school where students participate directly in the Fab Academy, a university-level global program that teaches them to turn ideas into reality alongside innovators from around the planet.

SPEECH & DEBATE CHAMPIONS

Latin students have won championships at the National Speech and Debate Tournament. In 2025, Charlotte Latin was honored with membership in the National Speech and Debate Association's 200 Club.

THE ACADEMIC PROGRAM

2024-26 Advanced Placement Scholars
192 Scholars with Distinction **49** Scholars with Honor **116** Scholars

2024-26 National Merit Scholarship Program
27 National Merit Semifinalists **50** Commended Scholars

A traditional college-preparatory curriculum is offered on a semester system. Six courses are required each year, of which four must be academic. The recommended and typical course load is five academic courses and one enrichment class. Twenty-one credits are required for graduation, including English (4 credits); math (4 credits); science (3 credits); history (3 credits including World History I, World History II, and U.S. History); world language (3 credits in the same language); and physical education (1 credit, of which ½ may be waived based on athletic participation).

Students must meet certain benchmarks to be placed by faculty in Advanced, Honors, or AP courses, with the exception of AP Business with Personal Finance, AP Computer Science Principles, AP Cybersecurity, AP Networking Fundamentals, AP Economics, AP Environmental Science, and AP Psychology. Students in AP classes are required to take the AP exam. Advanced Placement courses are offered in 24 subjects, while Honors courses are available in English, mathematics, certain sciences, history semester courses, and level 3+ in world language.

High school classes completed in Middle School are indicated on the transcript but are not included in any GPA.

Note regarding math and science curricula:

Charlotte Latin math courses are taught at a high level across standard, advanced, and honors/AP coursework. Standard courses include Algebra I/1B, Geometry, Algebra II, and Precalculus (and Advanced Functions w/Trig prior to 2026-2027). Advanced courses include Geometry (Adv), Algebra II/Trig (Adv), Precalculus (Adv), and Calculus (Adv), while honors courses are available beginning with Geometry and Honors Precalculus typically leads to an AP Calculus course. By contrast, Precalculus (Adv) does not lead directly to AP Calculus; the AP Calculus curriculum begins at the end of Honors Precalculus. As our Honors math curriculum is unusually rigorous and fast-paced, many fine math students are placed in standard and advanced courses.

In science, the first Upper School course typically taken is a Conceptual Physics course. There is no honors version, but Advanced Conceptual Physics demands a higher level of mathematical thinking and addresses topics at a greater level of complexity.

All Advanced courses in math and science are weighted accordingly (+0.5). The decision to weight Advanced math and science courses was made in the spring of 2026 but was applied both prospectively and retroactively for the Class of 2027 forward. From 2026-2027 forward, no class name will include the word Advanced unless the course has that extra GPA weight.
