COLTON REDLANDS YUCAIPA
REGIONAL OCCUPATIONAL PROGRAM
Inspiring Possibilities

Community Health

Health Science & Medical Technology

Explore careers in public and community health while learning how to promote wellness, support individuals, and connect communities with healthcare resources. Develop skills in health education and community outreach.

Educate. Advocate. Empower.

- **Industry Preparation** —Develop skills in health education, patient advocacy, and community outreach while preparing for careers in public health.
- **Cost Savings** — Gain hands-on healthcare training during high school at no tuition cost, reducing future education expenses.
- **College & Career Readiness** — Build a strong foundation for continued education in public health, healthcare, and community services.

YOUR PATHWAY

Community Health 1
Concentrator

Explore public health careers while learning healthcare fundamentals, health education, and community outreach skills.

Community Health 2
Capstone
