Inspiring Possibilities

# Emergency Medical Responder

## Health Science & Medical Technology

Learn the skills used by first responders in emergency medical situations while exploring careers in EMS, firefighting, paramedicine, and emergency care.

## Respond. Assess. Act.

- **Industry Preparation** — Build emergency-response skills while exploring careers as an EMT, firefighter, paramedic, and as a medical professional.
- **Cost Savings** — EMR 1 can translate to 3.5 college units, potentially saving about $161 in California-resident college enrollment fees.
- **College Credit —** EMR 1 is articulated with Crafton Hills College. 3.5 units, with a B minimum.

## YOUR PATHWAY

### EMR 1
**Concentrator**

Explore emergency medical services and the role of first responders while building foundational knowledge for careers in EMS, firefighting, paramedicine, and emergency care.

### EMR 2
**Capstone**

Advance through the Emergency Response pathway and learn the role of the first medically trained responder at an emergency scene.
