COLTON REDLANDS YUCAIPA
REGIONAL OCCUPATIONAL PROGRAM
Inspiring Possibilities

Aviation

Transportation

Explore the world of aviation through flight principles, aircraft systems, drone operations, and hands-on flight simulation.

Learn. Fly. Explore.

- **Industry Preparation** — Prepare for FAA certification exams.
- **Cost Savings** — Aviation training can cost hundreds to thousands of dollars; CRY-ROP students receive it at no added cost.
- **College Credit —** Complete Aviation 1 & 2 to qualify for 3 articulated college credit through San Bernadino Valley College.

YOUR PATHWAY

Aviation 1
Concentrator

Build a foundation in flight principles, aircraft systems, instruments, and drone operations while preparing for the FAA Part 107 Remote Pilot Knowledge Test.

Aviation 2
Capstone

Advance your aviation knowledge through flight concepts, regulations, and hands-on Redbird simulator experience while preparing for the FAA Private Pilot Knowledge Exam.
