COLTON REDLANDS YUCAIPA
REGIONAL OCCUPATIONAL PROGRAM
Inspiring Possibilities

Digital Video Production

Arts, Media & Entertainment

Develop hands-on video production skills through storytelling, filming, editing, and industry-standard software.

Script. Shoot. Edit.

- **Industry Preparation** — Create original video projects using industry-standard production tools.
- **Cost Savings** — Hands-on video production training at no added cost to CRY-ROP students.
- **College Credit —** Earn 2–3 articulated credits per class through RCCD or SBVC—up to 6 credits across both years.

YOUR PATHWAY

Digital Video Production 1
Concentrator

Explore film and video production while creating documentaries, music videos, PSAs, and news segments using industry-standard software.

Digital Video Production 2
Capstone

Advance your skills by writing, storyboarding, shooting, and editing original video projects while working collaboratively and building production experience.
