Appendix G.6
(Exception Form)

Roman Catholic Diocese of Phoenix
TRANSPORTATION OF MINOR PERSON TO/FROM SCHOOL CAMPUS

The Diocese of Phoenix policies generally provide that (i) at least two adults should be present when transporting minors to and from school-related events, field trips, and outings, and (ii) students should travel to and from school-related events, field trips, and related outings via school-provided transportation. Due to such factors as the number of participants in school programs, the time of day in which program events will occur, and/or the limited availability of school transportation, it may not always be possible for the school to provide transportation to all students, or to have two adults occupying each vehicle transporting minors to and from the school-related activities.

The Diocese permits exceptions to these policies upon the written consent of a parent or guardian of a student participating in school programs and activities. Parents or guardians who wish to consent to exceptions to these policies may do so by indicating below.
