How does QSI prepare your child for future success?

Mastery Learning - We believe every child can attain mastery of the curriculum. We pre-assess, teach, assess and reteach until Mastery is achieved.

Success for All - It is our belief that every child can succeed. Our teachers and staff work towards providing the conditions for continued success. We offer aptitude-based placement for Reading, Writing, and Math.

Small Class Sizes - Class sizes are around 16-18 students per class. This allows for individualized instruction that meets the needs of all learners.

The EMPOWER curriculum helps students develop healthy boundaries, good habits and behaviors. It promotes a positive and supportive daily learning environment.

Qualified and Specialized Teaching Staff - All our teachers are career educators with a passion for life-long learning, holding advanced degrees and teaching certifications.

QSI implements an American-style curriculum in their 38 schools in 31 countries around the world with many schools serving embassies and diplomatic missions. The continued success of QSI graduates in entering notable university serves as testament to the educational quality.

Why QSI?

- Fully Accredited American style curriculum - our English language immersion curriculum is accredited by the Middle States Association of School and Colleges (MSA).
- QSI Shenzhen is an independently owned and operated non-profit school offering the only Mastery Learning program in town.
- Our Intensive English program (IE) starts in the 6-year-old class and aims to support non-native speakers to achieve fluency through special support during Literacy periods daily.
- More details about the curriculum and programs can be viewed at the learner's guide in the 'Learn With Us' section of the website.
- After-School Activities offer a wide range of activities that support and enhance the learning experience.
- A full-time School Counselor and Learning Support Specialists provide friendship groups, social & emotional support, and assist with additional learning needs.
