No School

The Low Down with Mr. Brown

As we move into November, we are reminded that this season is a special time to celebrate family, friendship, and gratitude. We are thankful for the strong partnership we share with our families and the support you provide our students each day.

We are excited to announce that **Craft Night will be held on November 13th**. This is always a wonderful opportunity for students and families to come together, be creative, and enjoy time with one another. We hope to see many of you there!

We would also like to remind families to sign up for **Parent-Teacher Conferences** if you have not already done so. Conferences provide a valuable opportunity to meet with your child's teacher, discuss academic progress, celebrate successes, and work together to support continued growth throughout the school year.

Thank you for your continued partnership and commitment to your child's education. We look forward to seeing you at Craft Night and during Parent-Teacher Conferences.

Level Up with Mr. Cabarcas

Leptondale has so much to be thankful for. I am thankful for all the amazing fifth and sixth graders that submitted applications, interviewed, and were hired to be PBIS Ambassadors. This year we had over *120* ambassadors. WOW! Red Ribbon week was also a huge success. We had so many people participate in Spirit Week! Congratulations to all October PAWSitive Students of the Month. Your responsible behavior makes Leptondale a positive and fun place to be every day.

The PAWS-itive Student of the Month Trait for November is Enthusiastic. Students that receive student of the month for November are students who show a strong interest or excitement in daily activities.

Austin's Helpful Healthy Hints

Antibiotic awareness week falls in November. The CDC's educational effort, *Be Antibiotics Aware*, aims to improve antibiotic prescribing and combat drug resistance. Antibiotics only treat infections caused by bacteria, not viruses. Drug resistance happens when germs develop the ability to defeat the drugs designed to kill them. Improving the way we take antibiotics helps keep us healthy and helps fight drug resistance. Getting recommended vaccines is one of the best ways to keep yourself and others healthy. Vaccines help prevent infections, reduce the need for antibiotics, and fight drug resistance. 💪

~Mrs. Austin

The Book Nook

Title: *Bear Has a Story to Tell*
Written by Philip Stead, Illustrated by Erin Stead

This story is about a bear who is an incredibly dedicated and selfless friend. He has a story to tell but puts his story on the backburner while he helps each of his friends prepare for winter. As he helps each one of them prepare you can tell he does it with pure joy and willingness. This story shows what a true friendship can be like, definitely a story worth reading!

~Happy Reading
