How it Works

1. RxSS pharmacists find **equally effective, affordable medications** covered by your insurance.
2. **Your online account shows any lower-cost prescriptions** available and lets you compare prices.
3. **Switch to a more affordable option with ease.** We'll get your doctor's approval and work with your pharmacy to get it done for you.
4. **We'll contact you** anytime you can save on prescriptions.

How Can You Save?

We find all the medication options for your conditions. You and your doctor decide what's best for your health and budget. Here are just a few ways you might be able to save money:

- Generic forms of name-brand drugs
- Better prices through different pharmacies or mail-order
- Equally effective medications that cost less than your current prescription

Real People. Real Savings.

"They took service to a whole new level by calling my doctor and the pharmacy and facilitating a prescription change to save me money."
