How it works

Besides your doctor, Tel-A-Nurse is a great resource for trustworthy health information. You can talk with a registered nurse 24 hours a day, 7 days a week. Getting the answers you need is as simple as making a phone call.

However, this service is not for medical emergencies or urgent needs, and should not replace your primary care provider. Use this service for health information and advice.

All at no cost

There is no copay or cost for using the service, and you can speak with a nurse as many times as needed.

Discussing health issues with your provider is usually the best approach. But if your physician isn't available, the Tel-A-Nurse staff can help you determine the level of care you need. You may even be able to avoid an unnecessary trip to the emergency room.

Your health is too important to wonder about. Trust a nursing professional for convenient, reliable medical advice. Anytime.

Note: If you have a medical emergency or urgent need, call 911.
