Policy-KABB-AR: Policies and Procedures for Indian Children, as Per Public Law 81-874

All Indian children shall participate on an equal basis in school programs within their attendance areas with all other children educated by the Mineral County School District.

- A Community Action Committee will be consulted annually regarding Policy KABB and Policy KABB-AR. This committee will be comprised of Tribal Leaders, MCSD District Administrators, WRPT Education Director, and a representative of the WRPT Board of Education. The purpose of the committee is to engage in meaningful consultation with parents and members of the community regarding the funding of Impact Aid Funds. The Mineral County School District will submit annual reports no later than Feb. 28th each year to the Walker River Paiute Council regarding expenditures and revenues from Impact Aid funds.
- An in-person presentation to the Walker River Tribal Council will be made each October on the expenditures and revenues from Impact Aid funds.
- Policy KABB and KABB-AR will be posted on the District Website. Notice is sent to parents that also advises them of the yearly filing of the P.L. 874 application and specifies they may review the same in its entirety at three separate locations, or copy provided to the parents upon their request.
- Information regarding P.L. 874 will be presented at the Back-to-School orientation night by the site principal or his/her designee.
- The WRPT Board of Education in Walker River composed of the Walker River Paiute Tribe educational board, teachers, parents and administrators meets monthly on the 3rd Wednesday for the purpose of monitoring and reviewing the educational program of the Indian children attending Mineral County Schools. The goal of the educational committee will be to ensure the equal participation of Indian children in the educational process and to develop and monitor an education program appropriate for Indian children.
- P.L. 874 funds are a component of the total general fund operating budget for the Mineral County School District. Public hearing on the proposed annual budget, in compliance with the Nevada revised Statutes, are conducted at which time all interested parties are offered an opportunity to make comments and recommendations concerning the educational program in the Mineral County School District. In addition to this, a break out of P.L. 874 will be provided to show the dispersal of funds. Copies of the current or proposed budgets can be requested from the Mineral County District Office or at each local school.
- A regular school board meeting will be held the first and third Tuesday of each calendar month to provide participation in the educational process of the Mineral County School District. Six (6) regular school board meetings will be held during the school term at the Walker River Paiute Indian Reservation, which will enable parents and tribal officials the opportunity to discuss goals, changes and equal basis participation. The remaining six (6) meetings not held at Schurz Elementary School will be presented virtually and in person-so parents have the opportunity to participate in all school board meetings.
- Notice of school board meetings (regular and special) are posted at a minimum of four (4) public places throughout the district, two of which are the Walker River Paiute Tribal Administration Office and Schurz Elementary School.
- Mineral County School District will include a statement of Land Acknowledgement at the start of any MCSD sponsored publicly held meeting, event, or gathering, honoring the Paiute people of this area. · Mineral County School District will provide the Walker River Paiute Tribe's Education Department with state and nationally normed assessments results for all students, K-12, enrolled in MCSD on an

annual basis or when requested by the Walker River Paiute Tribe. Examples of this includes: SBAC, MAP, ACT, and ASVAB . **The District will also provide discipline and attendance data for all students, K-12, enrolled in MCSD on an annual basis with the Walker River Education Department.**

- Mineral County School District will develop partnerships with colleges and universities that have Indigenous Educator Training Programs such as the University of Idaho's IKEEP (Indigenous Knowledge for Effective Education Program). This is an area of high need as our WRPT students must see themselves reflected in the classroom.
- On an annual basis, Mineral County School District will hold staff training on Cultural Competency and Sensitivity in an effort to reinforce equity amongst **ALL** staff and stakeholders.
- This policy will be reviewed by the stakeholder of the Walker River Paiute community on an annual basis.
- Mineral County School District will provide MCSD Junior High and High School students transportation and opportunities to attend any WRPT or Community Events held in Schurz that fall during scheduled MCSD student contact days.
- Mineral County School District acknowledges that Native students will thrive in environments that include their language and culture. With this said, Mineral County School District will promote inclusion of Nevada Indigenous identity language in alignment with the MOU between WRPT education Department and MCSD.
