NOTICE OF PUBLIC HEARING
FOR RESOLUTION ADOPTING CERTAIN FINDINGS AND APPROVING AN ENERGY SERVICES AGREEMENT WITH VEREGY PACIFIC, LLC FOR THE PROPOSED SOLAR MONITORING EQUIPMENT PROJECT

NOTICE IS HEREBY GIVEN pursuant to Government Code section 4217.10 et seq. that the Newport-Mesa Unified School District ("District") shall hold a public hearing at its regularly scheduled meeting on November 17, 2026, at 6:00 p.m. for the purpose of presenting certain findings, taking public comment, and potentially approving a Resolution adopting the findings and approving an energy services agreement ("Agreement") with Veregy Pacific, LLC ("Veregy") to provide the proprietary hardware and software needed to efficiently monitor, control, and maintain the District's solar generating sites (collectively the "Solar Monitoring Project"). The District has already worked with the Veregy to develop a study to outline the potential energy savings, scope and cost of the proposed Solar Monitoring Project as well as support the Government Code 4217.10 et seq. findings to be made as part of the Resolution. The Resolution will document how the cost to the District to develop, design and implement the Solar Monitoring Project will be less than the anticipated marginal cost to the District of electrical or other energy that would have been consumed by the District if the upgrades/improvements contemplated by the Solar Monitoring Project are not completed and the Agreement is not entered into by the District. The public hearing shall be conducted on November 17, 2026, at 6:00 p.m. in the District's office located at:

Newport-Mesa Unified School District
2985 Bear Street
Costa Mesa, CA 92626

For more information regarding the proposed Resolution and/or the draft Agreement, please contact Jonathan Geiszler, Director, Purchasing & Warehouse at jgeiszler@nmusd.us or (714) 424-5063.
