MS. MOSER'S OCTOBER NEWSLETTER

HAPPY OCTOBER, COLUMBUS!

This month, our Portrait of a Learner focus is Problem Solver!

Being a problem solver means students can use a variety of resources to recognize a problem, identify possible causes, and apply solutions. Columbus students explored what problem solving looks like in their daily lives and why it is so important. During our character education lessons, some classrooms read Jabari Tries to see problem solving in action, while other classrooms practiced the S.T.E.P. method to safely navigate problems!

S.T.E.P METHOD

S: SAY THE ISSUE

T: THINK OF SAFE AND FAIR SOLUTIONS

E: EXPLORE RESOURCES

P: PICK THE BEST PLAN

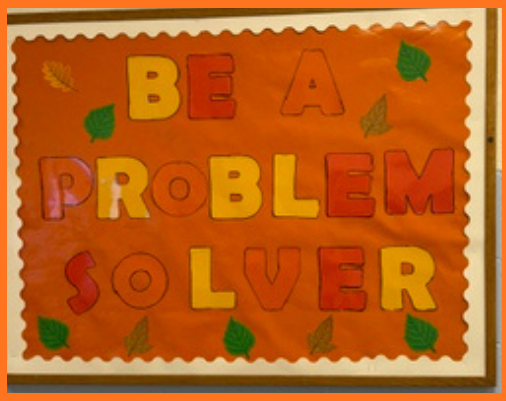

This book teaches children that trying again is part of the problem-solving process, and inspires them to push past frustration with patience, teamwork, and mindfulness.

EXCITING THINGS HAPPENING AT COLUMBUS!

OUR SEPTEMBER BEN'S BELLS RECIPIENTS!

MONTHLY BULLETIN BOARD

OCTOBER POSITIVE AFFIRMATION

I AM A PROBLEM SOLVER! SAY THE ISSUE, THINK IT THROUGH, EXPLORE MY OPTIONS, PICK MY MOVE!
