Blue & Gold Together

Superintendent's Message

The work of education begins with our commitment to connection with our students. In my travels throughout our schools, I have observed students, faculty and staff doing exactly that--connecting. Smiling. Engaging and learning together. It is the foundational work of a good school system and I believe we do this well.

I want to thank our Dr. Eib for her leadership and her support as I join the district, and I want to recognize our parents and guardians who have introduced themselves to me and made me feel welcomed. I am humbled.

Dr. Clara
