Student Testimonials

“I learned about how choosing a career isn't easy but if you know what you want and have a good plan, go for it.”

“I learned many opportunities at Jim Kelley are available to us as high schoolers.”

“There are a lot of different things you can choose from and even though it seems easy, you still have to practice because it is actually not.”

“I learned how to draw blood on a fake human arm, but I think I know how to do it on a real human now.”
