The Community Transition Program (CTP) is a program for students who experience mild to moderate disabilities ages 18-21 who typically have completed high school with either a modified diploma or a certificate of completion and thus still are eligible for special education transition services through the school year they turn 21. In this program we focus on serving students in the four domains of Transition: Work, Independent Living, Post-Secondary Education, and Community Inclusion. We do this through a variety of hands-on, community-based activities, including work experience, shopping, cooking, swimming, community service projects, academic classes, workout routines, social skill development, gardening, recreation, and many more.

SPRINGFIELD PUBLIC SCHOOLS
Every Student, Every Day

CTP MISSION STATEMENT:

Within our ever-evolving virtual and physical world, we the students and staff of CTP are learning to accept and embrace change while identifying strengths and needs, setting short-term and long-term goals, growing and nurturing friendships, and developing a wide variety of skills to live and maintain happy, healthy, whole lives in a supportive social and educational environment.

CTP was established in the Springfield School District in 1990 and provides transition services to young adults ages 18-21 on Individualized Education Plans (IEPs).
