# After-School Science Class

iSTEAM After School

## STE(A)M Classes for Kids

- Students will explore the connections between science, technology, and arts
- Learn through hands-on experimentation and real-world applications of scientific concepts
- Prepare for the future by developing critical thinking and problem-solving skills

### What We Teach

Critical Thinking | Teamwork | Problem Solving

## This Semester's Theme:

# Space Explorers

- During the STE(A)M Space Explorers session, our young astronauts will launch a rocket into space, learn about moon phases, make models of planets, constellations, solar eclipses, moon craters and more.
- We will learn about kinetic energy, gravity, force, trajectory, acceleration, velocity, hemispheres, force, shock, absorption, orbits and so much more. We will discover how these forces shape the world around us!

**WHERE:** Sequoia Academy
**DAY:** Tuesdays
**TIME:** 2:45pm-3:45pm
