CARMEL SCHOOL

Carmel School is a leading international IB Continuum World School accredited by WASC and the IB to offer the Primary Years Programme (PYP), Middle Years Programme (MYP) and the Diploma Programme (DP).

Join Carmel School Elsa High School section and inspire future leaders! As a premier, through-train IB World School across three vibrant Hong Kong campuses (Holly Rofé Early Learning Centre, Carmel Elementary, and Elsa High School section), we nurture learners from ages 1 to 18. We replace limitations with wonder, critique, inquiry, and high-impact innovation.

We are looking for a visionary, proactive, and dynamic **Head of STEAM-Based Initiatives & Design Teacher** to join us in mid-August 2027 to empower our students to actively realize their creative potential. If you thrive in an interdisciplinary, project-based environment and love turning bold ideas into reality, this is your launchpad.

What You'll Do

- **Lead the Spark:** Spearhead and elevate STEAM-based initiatives across campus, fostering a culture of hands-on inquiry and cutting-edge design thinking.
- **Teach & Inspire**: Deliver engaging Design curriculum (MYP Design and IB DP Design) that challenges students to solve real-world problems.
- **Bridge Disciplines:** Collaborate with a passionate team of educators to integrate coding, robotics, product design, and AI literacy across disciplines.
- **Empower Every Learner:** Cultivate an inclusive, positive classroom where diverse learning needs are championed and every voice is heard.

What You Bring to the Table

Requirements:

- Bachelor's degree or higher in Design, an undergraduate degree and a recognized teacher certification, i.e. Bachelor's degree in Education; or Postgraduate Diploma in Education or a closely related field.
- Proven track record in STEAM programming with a strong interdisciplinary, inquiry-led mindset.
- Experience supporting and teaching learners with diverse educational needs.
- Native-level English proficiency.
- A highly proactive, collaborative, and team-first attitude.

Standout Skills

- Experience teaching **IB DP Design** and **IB MYP Design.**
- Experience organizing large scale initiatives like Design Challenge or Hack-a-thon.
- Hands-on background in product design, robotics, web programming, and digital media (video/image editing).
- Expertise in ICT/IT integration within a Google and Mac ecosystem.
- Demonstrated mastery in leading Project-Based Learning (PBL).

Why Join Us?

- Be part of a dynamic, supportive, and international IB learning community.
- Access state-of-the-art facilities across our early learning, elementary, and high school campuses.
- Shape the future of STEAM education in Hong Kong.

Ready to Lead the Next Generation of Innovators?
