Summer Discovery

# Come Curious Leave Confident

Students live on a college campus, take courses built around what they love, and grow more confident and independent along the way.

**#1 Pre-College Summer Program Recommended by High School College Counselors**

## Our Program Offerings:

2–6 weeks • June to August

**1 High School, Grades 9–12**

### Your college experience starts here

Live on campus at one of 20+ leading universities, take classes based on your interests and experience the freedom, friendships and energy of college life.

**2 Middle School, Grades 6–8**

### Fuel your curiosity

Engaging courses and hands-on workshops that let you get creative and explore new skills, all on a college campus.

**3 Elementary School, Grades 1–5**

### Where bright minds are challenged

Our proprietary curriculum is built for gifted and highly proficient students, fostering creative thinking and confidence in an inclusive community of like-minded peers.

# Our Programmes:

1-2 week programmes • Late June–mid August

**9-14** | Harrow

Younger students discover new subjects through hands-on, interactive one-week courses, supported by a dedicated welfare team.

**13–15** | Oxford & Cambridge

Students explore new subjects in small classes (an average of 8) while experiencing two weeks of college life in Oxford or Cambridge.

**16–17** | Oxford & Cambridge

Tutorial-style teaching helps students sharpen their thinking, explore future degree paths and prepare for university applications.

**18-24** | Oxford & Cambridge

University students and young graduates develop specialist knowledge through advanced, tutorial-led courses taught by expert academics.
