District Strategic Plan

Broward County Public Schools is the sixth-largest school district in the United States and the second largest in Florida. The district serves a large and diverse student population and is supported by a large team of professionals dedicated to delivering high-quality educational opportunities.

Vision: Educating today's students to succeed in tomorrow's world.

Mission: Educating all students to reach their highest potential.

Core Values: **S**tudent Focus, **T**eaching Excellence, **A**ccountability, **R**espect, **S**afety

School Mission Statement

To empower students with the tools to achieve success and develop socially well-rounded, productive citizens, while preparing them to be adaptive lifelong learners.

School Community

Banyan Elementary serves 393 students enrolled in grades pre-kindergarten through 5th grade. The student population's ethnicity comprises 25.77 % Hispanic and 74.23 % Non-Hispanic students. Additionally, we serve a diverse population made up of 24.48 White %, 68.29 Black %, .51 Native %, 1.80 Asian %, .51 Pacific %, and 4.63 Multicultural % students.

The administration includes Principal Sholanda Jennings and Assistant Principal Lisa Campolo. Banyan Elementary is proud to offer many unique programs which provide students with different opportunities. These include yearly academic and festive family nights and performances, Cheer Leading, WIN Academic, Principal's Book Club, Kiwanis, ESE/ESOL programs, student led Morning Announcements, Spirit Week and Monthly Academic Incentive Challenges, grade level field trips throughout the year and an on-Campus Aftercare Program.

Purpose of Collection Development Policy

A school library collection development plan serves as a roadmap to guide library materials' selection, acquisition, and maintenance. It ensures the collection aligns with Florida statutes, the District's Strategic Plan Goals and Guardrails, the school's curriculum, and student needs

by providing a framework for choosing resources that best support student learning across different subjects and interests while also addressing diversity and appropriate content levels.

A Collection Development Plan Serves Several Important Purposes:

Statutory Compliance: A Collection Development Plan establishes the framework for adhering to the mandatory state statute, requiring each district school board to adopt procedures for developing library media center collections and to post these procedures on each school's website.
District Alignment: Aligns with Broward County Public Schools 2022-2027 Strategic Plan Goals and Guardrails.
Supporting curriculum: The plan should directly connect library materials to the school's curriculum, ensuring students access relevant study resources.
Student needs assessment: It considers students' diverse needs, including reading levels, interests, and learning styles, to select materials that cater to a wide range of abilities.
Selection criteria: The plan outlines clear criteria for choosing materials, such as quality, accuracy, relevance, and alignment with school values.
Budget management: It helps allocate library funds effectively by prioritizing purchase needs based on identified gaps in the collection.
Collection maintenance: The plan includes procedures for discarding outdated or damaged materials and replacing them with current resources.
Community engagement: It involves collaboration with students, teachers, administrators, and parents to gather input on collection needs.

A thorough analysis of the current media center collection at Banyan Elementary indicates that the average age of the collection is 2011 and the number of books per student is 14.6. The American Library Association has established a criteria for a highly effective media center that includes a ratio of 10 books available per student in the collection.

Currently, Banyan Elementary does meet the recommended standards for the number of books per student.

Library Program

The library program consists of seeing and teaching Pre-Kindergarten, Kindergarten, First, Second, Third, Fourth and Fifth graders in a one-week rotation. This is a fixed schedule in which the Media specialist will see the same students every three weeks. During these rotations the students will be exposed to different lessons, activities about the lesson, reading apps through computers, and to be able to check books out. The students will also be exposed to a makerspace area that will engage them in team building, communication, and provide a hands-on cooperative experience.

Pre-Kindergarten through first grade students will be exposed to unplugged computer Science lessons while grades 3-5 will be exposed to a plugged computer Science lesson. The students will also be exposed to resiliency lessons. The Media Specialist collaborates with Fifth teachers during WIN in teaching Science.

This year the reading programs that the students are exposed to are SORA, GALE, PEBBLE GO. Bean Stack is used to log in to their weekly reading.

School Analysis

The school analysis provides an overview of the school's enrollment, demographics, and special programs.

Scope of the Collection

Banyan Elementary scope of collection provides a variety of resources and materials for the students and staff. These materials include different genres through non-fiction, fiction, multi-lingual books for our non-English speakers, and biography books. There are 26 computers for students to be able to log into the different software programs such as Sora, Pebble go, Bean Stack, or Adobe Express. The projector also provides teaching instruction that connects to the teacher computer which enables videos, teaching lessons, adobe express, power point presentation, and so much more. We also have the record-X, a simplicity camera that provides a closer look at what is being taught on the tabletop.

The district provides online resources to ensure equitable access to information for teaching and learning to improve student performance and achievement. Students and teachers can use Clever or Canvas to access age-appropriate materials that support educational and social-emotional needs through the following online resources: Follett Destiny Online

Library Catalog, Gale Online Databases and eBooks, (Pebble Go Next and National Geographic Kids for elementary only) Bean stack, and Sora by Overdrive.

School media centers provide access to library media materials that eliminate educational barriers based on gender, race/ethnicity, national origin, color, religion, disability, age, sexual orientation, gender identity, expression, or other protected group status and that are free of bias, stereotypes, distortions, and prejudices. This includes the ability to obtain information in a variety of formats electronically as well as print, without fear of censorship or reprisal.

Collection Development

Collection Development is the process of providing quality materials and equipment for the library media center. The goal of collection development is to ensure the collection has information sources in adequate quantity and variety to support student's academic and personal interest needs. The media specialist is charged with leading this process with the input of teachers, students, and parents. Resources are selected according to principles of intellectual freedom and provide all learners with access to information representing diverse points of view.

Selection and Evaluation Criteria (Drawn from BCPS Policy 4120)

Selection of Materials

Funded by the state, district, and school, the media collection will contain a wide range of appropriate materials on varying levels of difficulty in various existing and emerging formats. It will focus on materials that address different learning styles and levels.

Responsibility

The School Board of Broward County is legally responsible for all matters relating to the operation of Broward County Schools. The professionally trained media specialist is responsible for coordinating the selection of instructional materials for the School Media Center, consulting with the principal, teachers, and students.

***In the event there is not a school library media specialist,** the Principal and/or Administrative Designee will assume the responsibility for identifying and selecting an instructional staff member(s) to engage in the selection process to ensure materials support the needs of the school community.

NOTE: *Clerical personnel should NOT be responsible for library material collection development and/or resource management and selection of materials.*

Criteria for Selection of Print and Non-Print Materials

1. Materials are selected to support the mission of Banyan Elementary
2. Materials are selected to enrich and support the curriculum and the educational, emotional, and recreational needs of the users.
3. Materials shall be appropriate for the age, emotional development, ability levels, learning styles, and social development of the students.
4. Materials shall represent differing viewpoints of controversial issues so that users may be motivated to engage in critical analysis of such issues, to explore their own beliefs, attitudes, and behavior, and to make informed choices in their lives.

In keeping with the ***Library Bill of Rights,*** materials will be considered based on the following:

- Needs of the curriculum, learning/teaching styles of students, faculty, and staff
- Possible use of material (including small or large group instruction, in-depth study)
- Level of physical, artistic, and literary quality
- Representation of multiple viewpoints
- Treatment of subject and lack of cultural bias

Note: Common Sense Media, Amazon, Goodreads, The Manga Critic and Reviews from paid reviewing sources **may be used** in conjunction with professional reviewing sources.

Gifts and Donations

Any gifted or donated items must meet the same selection criteria as all other materials—the criteria listed in Florida Statute 1006.28 and Broward County School Board Policy 4120.

Collection Maintenance

Removing materials from a library collection that are no longer educationally appropriate is as an equally important process as selecting new items of high quality. The library media specialist and/or instructional staff should have an ongoing process to evaluate the library media collection and to keep the collection relevant to the changing needs of the curriculum, personal interests, and needs of students. Evaluation of items under consideration for removal from the Library Media Center should be based on criteria related to the educational value of the resources. The removal (weeding) of library materials from the collection is the responsibility of a skilled professional library media specialist. Weeded items should not be disposed of or discarded at the school site. Weeded items should be boxed and identified as DISCARDED or WITHDRAWN and scheduled for pick up by Procurement and Warehousing Services by completing the enclosed Warehouse Assistance Request Form.

Reconsideration of Materials

Inquiries regarding the appropriateness of particular library and supplemental instructional materials are a normal part of the process of providing a wide variety of resources for student use.

Opt-Out Form

Parents may submit their request to limit their student's access to materials in the school or classroom library by submitting a completed Opt-Out Form to the school principal.

Library Bill of Rights

The American Library Association affirms that all libraries are forums for information and ideas, and that the following basic policies should guide their services.

I. Books and other library resources should be provided for the interest, information, and enlightenment of all people of the community the library serves. Materials should not be excluded because of the origin, background, or views of those contributing to their creation.

II. Libraries should provide materials and information presenting all points of view on current and historical issues. Materials should not be proscribed or removed because of partisan or doctrinal disapproval.

III. Libraries should challenge censorship in the fulfillment of their responsibility to provide information and enlightenment.

IV. Libraries should cooperate with all persons and groups concerned with resisting abridgment of free expression and free access to ideas.

V. A person's right to use a library should not be denied or abridged because of origin, age, background, or views.

VI. Libraries which make exhibit spaces and meeting rooms available to the public they serve should make such facilities available on an equitable basis, regardless of the beliefs or affiliations of individuals or groups requesting their use.

VII. All people, regardless of origin, age, background, or views, possess a right to privacy and confidentiality in their library use. Libraries should advocate for, educate about, and protect people's privacy, safeguarding all library use data, including personally identifiable information.

Adopted June 19, 1939, by the ALA Council; amended October 14, 1944; June 18, 1948; February 2, 1961; June 27, 1967; January 23, 1980; January 29, 2019.

Inclusion of "age" reaffirmed January 23, 1996.

Although the Articles of the Library Bill of Rights are unambiguous statements of basic principles that should govern the service of all libraries, questions do arise concerning application of these principles to specific library practices. See the documents designated by the Intellectual Freedom Committee as Interpretations of the Library Bill of Rights.
