Updating Student Information in OLR

ParentVUE Guides

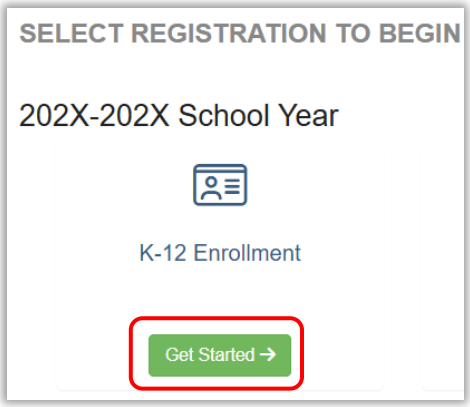

Higley Unified School District #60

Overview

A currently enrolled student's information may be updated through the Online Registration (OLR) portal. Please note that only the information submitted for update will be modified within the student's current enrollment record. All other enrollment information will remain unchanged.

Updating Information through the ParentVUE

1. Log onto the HUSD Online Registration portal using your existing ParentVUE credentials.
2. Select **Get Started** at the bottom of the **K-12 Enrollment** icon under the current school year.

3. To update your student's information, follow the instructions outlined in the Online Registration – K-12 Re-Enrollment ParentVUE Guide. Be sure to upload any required supporting documentation requested during the process.
4. Once you have completed the requested updates and submitted the changes, the submission will be routed to the school's registration queue for registrar review. The registrar will contact you if additional information or documentation is required.
