Board of Education Identifies Malcolm Wells as Replacement Member for District 1

INDIANAPOLIS - The Board of Education of the MSD of Lawrence Township has selected Mr. Malcolm Wells to represent District 1. Mr. Wells was sworn into office on November 4, 2026, and will serve the remainder of the term vacated by Dr. Shaila Mulholland, who resigned from the Board following her appointment to the Indianapolis City-County Council in early October.

A former Lawrence North High School student and current district parent, Wells brings more than a decade of professional experience in building engineering consulting, project coordination, and organizational leadership. He currently serves as a Senior Virtual Design Coordinator with IMEG, where his work focuses on collaboration, problem-solving, and professional mentorship.

Beyond his professional work, Wells serves on the board of EVOLVE International and has helped introduce students to careers in architecture, engineering, and construction through hands-on learning experiences.

"I believe community membership carries a responsibility to contribute," said Wells. "My mission is to use what I have learned, remain open to what I have yet to understand, and help others discover what they are capable of."

Wells looks forward to bringing his perspective as a former student, professional, and parent to the Board, with an emphasis on listening to families, supporting educators, and strengthening connections between Lawrence Township schools and the community.

About the Metropolitan School District of Lawrence Township:
The fifth largest school district in the state, the MSD of Lawrence Township serves over 16,000 students across four Early Learning Centers, eleven Elementary Schools, two Middle Schools, two High Schools, a Center for Innovation and Technology, and an alternative setting high school. Lawrence Township strives to be the district of destination, a reputation built over the years based on the district's award-winning staff, accomplished administrators, high-achieving students, supportive community, and innovative educational programs.
