St. Catherine's Montessori

Houston's leader in Catholic Montessori education, St. Catherine's Montessori is the only school in the country—among the first in the world—to offer a continuous AMI education across the entire developmental arc, from infancy through high school graduation. Founded in 1966 by two Dominican Sisters who envisioned the transformative combination of Catholic and Montessori principles, St. Catherine's is celebrating 60 years of guiding lifelong learners who greet the world with curiosity and apply their unique gifts toward creating a more peaceful world.

St. Catherine's is a 501(c)(3) nonprofit organization and operates on two environmentally conscious campuses. Our main campus building was the first Leadership in Energy and Environmental Design (LEED) certified K-12 school in Texas, and we continue to prioritize sustainability in every development project. We are accredited by the Texas Catholic Conference of Bishops (TCCB ED) in association with the Texas Agency (TEA), and our programs carry the highest recognition level by Association Montessori Internationale (AMI).

St. Catherine's at a Glance

- **283 students ages 14 months to 18 years**
- **54 talented faculty and staff**
- **60 years of Catholic Montessori education**
- **193 culturally diverse families from across the greater Houston area**

Celebrating 60 Years of Brilliance

SCM Biennial Gala

Every two years, St. Catherine's hosts a gala to raise funds for special projects that enhance our community. Our last event broke records, and we plan for our 60th Anniversary Gala—*A Diamond Affair*—to be the most brilliant yet! With nearly 300 anticipated guests, the evening will include cocktails, a live auction, dinner, dancing, and casino games. St. Catherine's families have chosen to invest in a school that fosters independence and a love of learning; a school where children and adolescents become critical thinkers, confident leaders, and compassionate stewards of our global community. Our parents value education, family, and connection, and represent an audience eager to support organizations that share their commitment to children, learning, and community involvement.

The SCM Gala provides a unique opportunity to reach this highly engaged community of educated and generous families. As the only event where we allow advertising, underwriting the gala offers visibility across multiple channels—including physical and digital impressions to our extended network of contacts.

We invite you to consider the benefits of corporate and event underwriting for A Diamond Affair.
