Make Waves of Kindness

Make Waves of Kindness Day is November 13. Let's show and encourage kindness this day and EVERY day! ☺

Attendance

We are continuing to work together on our attendance-based Wildly Important Goal (WIG). Our school goal is to be at 95% or higher, per the state guideline. For the month of October, our school had 96% attendance! WOW! We could not have accomplished this without the help of our wonderful families. Thank you for working with us to make sure your student is at school and on time!

HABIT OF THE MONTH

✓ What does this mean?

I can make a plan to get important tasks accomplished and reach my goals.
