TOPS TECH CAREER DIPLOMA (JUMP START): 24 UNITS*

English	4	English I and English II, plus 2 units from the approved English III and IV options
Math	4	Algebra I (or Applied Algebra I / Algebra I Part 2), Geometry (or Applied Geometry), Financial Literacy[1], plus 1 more (e.g. Algebra II, Math Essentials, Business Math)
Science	2	Biology I, plus 1 unit from the approved list (e.g. Chemistry I, Physical Science, Environmental Science)
Social studies	2	U.S. History, plus Civics or American Government
Health	½	Health Education (or JROTC I and II)
Physical education	1½	PE I (or JROTC), plus ½ unit from PE II, Marching Band or Athletic PE
Computer science	1*	One computer science course
Jump Start	9	Courses from the pathway's LDOE list or the Universal list, **including at least one Career Readiness (CR) course**, plus **at least one industry-based credential** (the capstone)

* Computer science applies to students who enter 9th grade in 2027–28 or later (HB 372, 2025 Regular Session); earlier cohorts need 23 units. [1] Required for students who entered 9th grade in fall 2024 or later; earlier cohorts may use it as a math option. Geometry is required from fall 2023 entry. Financial Literacy and Technical Writing count toward math/English ***or*** Jump Start, not both. Source: LDOE TOPS Tech Course Requirements (BESE-approved, Dec. 2023).

Using this guide: find the student's pathway above. Each section opens with credentials earned at CPSB facing the CPSB courses on that pathway, then the Universal courses CPSB teaches facing a notes page. Check core courses in Appendix A, look up a transfer course code in Appendix B and an outside credential in Appendix C; the full LDOE Universal list is on page 2.

UNIVERSAL COURSES

These courses count toward the nine Jump Start credits in **every** Jump Start 2.0 pathway. Source: LDOE Universal Courses (Updated 2025-2026).

One per sequence.
Where codes are joined by OR, only one course from that row can be used toward the nine Jump Start credits.

Career Readiness required.
Every Jump Start student must take at least one Basic or Advanced Career Readiness course. These are marked CR on the list below.

**** No double-dipping.**
Financial Literacy and Technical Writing cannot count for both math or English credit and Jump Start credit. Financial Literacy ends as a Jump Start Pathway credit with the 2024–25 freshman cohort.

The Agriculture, Food, and Natural Resources Jump Start 2.0 Pathway immerses students in the fields of agriculture and related sciences. This pathway equips students with the knowledge of basic animal, plant, and soil science; plant cultivation and soil conservation; and agricultural operations such as farming, ranching, and logging. Pathway coursework also provides instruction in subjects such as climate, air, soil, water, land, fish, wildlife, and plant resources; basic principles of environmental science and natural resource management; and agricultural business. Students will also learn about the recreational and economic uses of renewable and nonrenewable natural resources.

NOTES

The Architecture and Construction Jump Start 2.0 Pathway encompasses a vast array of careers all focused on the construction, design/pre-construction, and maintenance/operations of structures. These structures include residential neighborhoods, houses, and apartments; commercial buildings, warehouses, and offices; and public churches, schools, and recreational buildings. Pathway coursework will allow students to enter skilled trades as carpenters, plumbers, electricians, HVAC technicians, or equipment operators. Architecture and Construction students will also be well prepared to continue their education to become professional architects, drafters, engineers, operators, and project managers.

NOTES

The Arts, A/V Technology, and Communication Jump Start 2.0 Pathway prepares students to organize and manage various visual aspects of data, visual arts, performing arts, and entertainment media industries. Pathway coursework equips students to work with animation, interactive technology, video graphics, data visualization, and special effects. Coursework includes traditional fine arts media, modern media art theory, color theory, composition and perspective, equipment maintenance, studio management, and art portfolio marketing. This pathway also encompasses careers in augmented and virtual reality. Virtual reality is a computer-generated simulation of reality, whereas augmented reality layers computer-generated images onto the real world.

NOTES

The Business Management and Administration Jump Start 2.0 Pathway focuses on careers that plan, organize, direct, and evaluate all or part of a business organization. Students will learn fiscal responsibility when allocating and using financial, human, and material resources. Pathway coursework equips students to provide the support needed to keep all aspects of a business running, whether training new employees or leading as a top executive. This pathway also encompasses the use of social media as a marketing strategy to promote and keep businesses relevant.

NOTES

The Human Services Jump Start 2.0 Pathway focuses on careers in early childhood development and services that nurture and teach children in the pre-kindergarten setting. Pathway coursework equips students to help individuals and families meet their personal needs while working in childcare centers, nursery schools, preschools, public schools, private households, family child care homes, and before and after-school programs. This pathway is also for students interested in careers providing professional services to children and adults. These careers include cosmetologists, barbers, hair stylists, clothing tailors, estheticians, and spa attendants.

NOTES

The Information Technology Jump Start 2.0 Pathway prepares students for the design, development, installation, implementation, and maintenance of computer systems, software, hardware, networks, and cloud computing. Pathway coursework equips students with knowledge of software development life cycles (SDLC), computer operating systems, programming languages, and software development. Pathway coursework also equips students to perform IT services, including the implementation of computer systems and software, the provision of technical assistance, the development and review of technical design documents, the management of information systems, and the system testing process. Students will work with cutting-edge technology to develop tomorrow's products for business and consumer use.

NOTES

The Manufacturing Jump Start 2.0 Pathway prepares students to work in the process and production fields. Pathway coursework equips students to design, create, assemble, install, and repair electrical and mechanical systems. Students will be able to perform preventive maintenance procedures on machines, tools, and equipment on a routine basis. This pathway also encompasses petrochemical courses in which students learn about the refining and processing of petroleum and/or natural gas. Manufacturing workers will be able to move into advanced manufacturing careers to use innovative technology to improve current products or processes, helping companies produce their products more efficiently.

NOTES

The Law, Public Safety, Corrections, and Security Jump Start 2.0 Pathway includes instruction in criminal justice and corrections, fire protection, homeland security, and other protective services. Students will be exposed to the theories and principles of correctional science; criminal law and policy; police and correctional systems organization; the administration of justice and the judiciary; and emergency and fire management services. Law, Public Safety, Corrections, and Security workers focus on protecting citizens across a wide array of settings. These settings include state and federal agencies as well as public and private entities.

UNIVERSAL COURSES AT CPSB

Universal courses count toward the nine Jump Start credits in every pathway. These are the ones CPSB teaches; the full LDOE list is on page 2. ✓ the credential counts as a capstone for **this** pathway; ✗ it does not.

Rules: only one course from each LDOE "or" row counts · every Jump Start student needs one CR course · Financial Literacy and Technical Writing count for math/English ***or*** Jump Start, not both. *Financial Literacy ends as a Jump Start Pathway credit with the 2024–25 freshman cohort.

NOTES

The Transportation, Distribution, and Logistics Jump Start 2.0 Pathway focuses on the planning, management, and movement of people, materials, and goods by road, pipeline, air, rail, and water. Pathway coursework will also equip students to provide professional and technical support services for transportation infrastructure planning and management, logistics, mobile equipment, and facility maintenance. Pathway coursework will also equip students with skills to pilot drones.

1 Earn a Basic capstone credential

2 Go further: an Advanced credential

ADVANCED CREDENTIAL OR BUNDLE	IBC	HOW STUDENTS GET THERE	EARNED IN
ADVANCED **Autodesk Inventor Certified User**	**131**	Intro to Engineering Design · Principles of Engineering · Engineering Design and Development	Engineering (LSU / PLTW)
ADVANCED **ASE Entry Level: three or more modules**	**125**	**ASE Entry Level modules ×3** Any three ASE Entry Level module certificates add up to this Advanced credential.	Automotive Technology

Only credentials earned in CPSB programs are shown; a transfer student may hold a different capstone (look it up by name in Appendix C). A student meets the graduation requirement with one Basic credential, then builds toward an Advanced credential or a bundle. Overview: LDOE Jump Start 2.0 pathway brief.

CORE GRADUATION COURSES 142 courses

Every course LDOE accepts toward each core requirement of the Career Diploma (Jump Start TOPS Tech), from LDOE's TOPS Tech Course Requirements (BESE-approved, December 2023). Highlighted rows are taught at CPSB in 2026–27. **5-pt** = weighted on the TOPS 5-point scale. The nine Jump Start credits are on each pathway's pages.

CREDENTIAL LOOKUP, A–Z

269 credentials

For a credential on a transcript, especially a transfer student's: find it by name and read across. **Status: Capstone** counts as the capstone on the ■ shaded pathways · **Bundle part** does not count alone; it counts only as part of a statewide bundle on the ■ lightly shaded pathways · **Ended** the IBC Matrix ended it, so it no longer counts · **Doesn't count** active on the Matrix but not a capstone or bundle part on any pathway. ***No IBC code*** on an LDOE pathway brief, but the Matrix gives it no code, so JCampus can't record it. Highlighted credentials are earned in CPSB programs; see that pathway's first page for the class. Not listed? It is not a 2025–26 Jump Start credential on any pathway; contact CPSB CTE.
