BusZone™

Know your child got on the bus safely.

Lighten your daily load.

Raising children is a tough job. This easy-to-use mobile app allows you to check on the school bus during route times.

Set up BusZone:

1. Download the BusZone app from the App Store or Google Play.
2. Enter the above School Access Code.
3. In the search field, enter the route number you want to follow.
   Complete this step for all the routes your students ride throughout the week.
4. Enter your child's unique student ID.
5. Create alert zones around drop-off and pick-up points.

When your child's route enters an alert zone, you will receive push notifications.

Trust that your information is secure.

Security is priority one, especially where student information is concerned. All parent/guardian information is locked down and password protected within the app to prevent unauthorized people from opening the app and viewing the child's route information.
