SUBJECT: APPROVAL OF RESOLUTION NO. 5-24 ANNUAL AND FIVE-YEAR DEVELOPER FEE REPORTS DATED OCTOBER 28, 2024 (IN COMPLIANCE WITH GOVERNMENT CODE SECTIONS 66006 AND 66001)

ACTION

ISSUE: Shall the Board of Education approve Resolution No. 5-24 – Annual and Five-Year Developer Fee Reports dated October 28, 2024 (In compliance with Government Code Sections 66006 and 66001)?

BACKGROUND: Government Code Sections 66006 and 66001 require school districts to provide annual and five-year reports of developer fee collections and disbursements. The Las Virgenes Unified School District has collected developer fees in one form or another since state law provided for such under the old SB201 (bedroom fees), which later evolved into the AB2926 fees based upon square footage. These funds are used for facilities necessary to accommodate student growth, as well as facilities needs due to growth and class size reduction. Notification of the report availability and proposed action was posted for the public in accordance with statutory guidelines.

The attached report provides the supporting data for Board approval of Resolution 5-24, which details District compliance with Government Code Section 66000, *et seq.,* regarding the receipt, deposit, investment, expenditure and/or refund of Reportable Fees received and expended relative to Projects for Fiscal Year 2023/2024. The resolution and the Annual and Five-Year Developer Fee Reports are attached.

ALTERNATIVES:
1. Approve Resolution No. 5-24 – Annual and Five-Year Developer Fee Reports dated October 28, 2024, as presented.

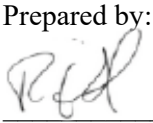

2. Do not approve Resolution No. 5-24 – Annual and Five-Year Developer Fee Reports dated October 28, 2024, at this time.

RECOMMENDATION: Staff recommends Alternative No. 1.

RATIONALE: Acceptance of the resolution enables the district to continue collecting statutory fees are provided for in law.

I. INTRODUCTION

Sections 66001 and 66006 of the Government Code require that Las Virgenes Unified School District ("School District") provide to the public information on impact fees received from new residential and commercial/industrial development to mitigate the impact of that new development on the school facilities of the School District. The School District currently collects statutory school fees ("Statutory School Fees") pursuant to Sections 17620 et seq. of the Education Code and Sections 65995 et seq. of the Government Code.

The School District is required to provide the following information on Reportable Fees for the prior fiscal year:

1. Amounts collected
2. Amount of interest earned
3. Amounts spent on projects to accommodate additional enrollment from new residential and commercial/industrial development

The Reportable Fees do not include special tax proceeds, proceeds of bonds, or letters of credit to secure payment of Reportable Fees at a future date. Further, the School District identifies Reportable Fees have not been levied, collected, or imposed for general revenue purposes.

Additionally, the School District is required to identify the following:

1. The purpose to which unexpended Reportable Fees will be spent
2. The Reasonable Relationship between the unexpended Reportable Fees and the purpose to which they are to be spent
3. The funding sources and expected funding availability date for school facilities projects for which unexpended Reportable Fees are required

The following Annual and Five-Year Reports ("Reports") for the fiscal year ending June 30, 2024 include the information and proposed findings the School District intends to review and adopt in accordance with Sections 66001 and 66006 of the Government Code.

III. FIVE-YEAR REPORT

In accordance with Government Code Section 66001, the School District provides the following information with respect to the Reportable Fees in the account or sub-account(s) remaining unexpended, whether committed or uncommitted to projects:

A. Identification of the Purpose to which the Reportable Fees are to be Put

The purpose of the Reportable Fees imposed and collected on new residential and commercial/industrial development within the School District was to fund the additional school facilities required to serve students generated by new development within the School District. Specifically, the Reportable Fees will be used for the construction, expansion, and/or acquisition of additional School Facilities, furnishing and equipping such facilities, facilities upgrades, as well as acquiring and installing additional portable classrooms to accommodate students.

B. Demonstration of a Reasonable Relationship Between the Reportable Fees and the Purposes for which they are Charged

There is a roughly proportional and a reasonable relationship between the new development upon which the Reportable Fees are charged and the need for adequate School Facilities. This relationship is based on the additional students that will be generated by new development within the School District who will occupy district facilities. Furthermore, the Reportable Fees do not exceed the costs of providing school facilities for the students generated from the development in which such fees were collected (as set forth in the Studies, referred to herein Section II.B).

C. Identification of All Sources and Amounts of Funding Anticipated to Complete Financing of the School Facilities the School District has Identified in the School District's Reports

Most projects indicated in the previous Annual & Five Year Reports for Fiscal Year 2022/2023 that were financed by Fund 25 have been completed or are nearly completed. The School District does not currently have any planned projects that are to be financed by Fund 25 in the near future. Should the School District have any planned projects in the future, they will be listed in future reports accordingly.

D. Identification of the Approximate Dates on Which the Funding Referred to in Section III.C is Expected to be Deposited into the Appropriate Account or Fund

As indicated in Section III.C. most projects indicated in the previous Annual & Five Year Reports for Fiscal Year 2022/2023 that were financed by Fund 25 have been completed or are nearly completed. The School District does not currently have any planned projects that are to be financed by Fund 25 in the near future and no timelines for future projects have been set. Should the School District have any planned projects in the future, they will be listed in future reports accordingly.
