ATTENDANCE AWARENESS MONTH

Attendance Works

Help Your Child Do Well in School:
Build the Habit of Good Attendance

Did you know?

- Too many absences in preschool and elementary school can cause children to struggle socially and academically.
- Being late to school may lead to poor attendance.
- Missing 10% of school (2 days each month) can make it harder to learn to read and do basic math.

Attending school regularly helps children feel better about school — and themselves. Start building this habit in preschool and through elementary school so they learn right away that going to school on time, every day, is important.

What you can do

- Set a **regular** bedtime and morning **routine.**
- Lay out clothes and pack backpacks **the night before**.
- **Keep** your child **healthy** and make sure your child has the required shots.
- Develop **backup plans** for getting to school if something comes up.
- **Monitor** your child's **absences**.
- Try to schedule **nonurgent medical appointments** and extended trips when school isn't in session.
- **If** your child seems **anxious** about going to school, **talk to teachers**, school counselors and other parents for advice on how to make your child feel comfortable and excited about learning.
- **If** you are **concerned** that your child may have a contagious illness, **call** your school nurse or health-care provider **for advice**. Ask the teacher for ideas to support missed learning time.

Chronic absence is missing 2+ days every month over the course of a school year.

October 2025

Visit Attendance Works at www.attendanceworks.org for free downloadable resources and tools!

Fall & Winter Clinic Reminders

As we move further into cold and flu season, we want to work together to keep our students, families, and staff healthy! Colds, the flu, and other respiratory viruses spread quickly when children are in close contact.

When to Keep Your Child Home

Please keep your child at home if they are feeling unwell or showing signs of a contagious illness.

Specifically, keep your child home if they have a fever (temperature of 100°F / 37.8°C or higher).

- **The 24-Hour Rule:** Children must be fever-free for at least 24 hours without the use of fever-reducing medications (such as ibuprofen or acetaminophen) before returning to school.
- **Other Symptoms:** Please also keep your child home if they experience vomiting, diarrhea, severe/constant coughing, or extreme fatigue that stops them from participating in class. (*Note: A mild cold or minor runny nose is usually okay for school if there is no fever and your child feels well enough to learn.*)

How You Can Help Prevent the Spread

- **Handwashing:** Encourage your child to wash their hands often with soap and water for at least 20 seconds.
- **Cough/Sneeze Etiquette:** Remind students to cover their mouth and nose with a tissue — or cough and sneeze into their elbow rather than their hands.
- **Vaccination:** Consider speaking with your pediatrician about seasonal flu shots and other recommended immunizations for your family.
- **Rest and Hydration:** If your child does stay home, make sure they get plenty of rest and fluids to recover faster.

Medication on Campus

Cough medications and cough drops require a signed Medication Administration Form before they can be given or used at school.

To help us comply with health and safety regulations, please keep the following guidelines in mind:

- **Form Required:** A parent or guardian must complete and submit a Medication Administration Form for any over-the-counter remedy, including liquid cough syrups and throat lozenges. A parent signed medication form allows your child to be given over the counter medication for up to 10 days.
- **Original Packaging:** All medications brought to school must be in their original, packaging and unexpired.
- **No Self-Carry:** For safety reasons, students are not permitted to keep cough drops or liquid medications in their backpacks, pockets, or desks. All items must be stored and administered safely in the clinic.

If Your Child Needs Medication During the School Day...

You can pick up a paper form from the front office, download a copy from the school website, or scan the QR code below.

Thank you for your partnership in keeping our school community safe and healthy!

ALL MEDICATION NEEDS TO BE DROPPED OFF AT SCHOOL BY AN PARENT/GUARDIAN.

COUNSELING CORNER

with Mrs. Angel

GRATITUDE

What are some small, specific things that you are Grateful for? Maybe it is your favorite water cup, the way the cat sleeps on the chair, or when your grandma bakes banana bread. Spend some time as a family trying to think of at least 10 small things that you have Gratitude for and then choose to notice them this week with a smile.

In need of resources? Have any questions/concerns?
Contact Mrs. Angel at 281-482-5400 or angell@pearlandisd.org.
Learn more about our school counseling program here.

WORLD KINDNESS Day
