Re: Request to surplus bleachers at Campbell County High School Stadium (old)

Per the attached letter from Razor City BMX, Campbell County School District requests to transfer ownership of the free standing bleachers located at the old Campbell County High School Stadium.

Razor City BMX will be responsible for removal and relocation of the asset.

Subject: Proposal for the Acquisition and Repurposing of Old Football Field Bleachers

To whom it may concern,

Razor City BMX is so excited to see the progress of the new Campbell County High School build. Many of our up and coming riders will be some of the first classes to use these new facilities! We would like to formally express an interest in acquiring a few sections of free standing bleachers that you may be replacing during your football field relocation.

At Razor City BMX, we are dedicated to promoting social welfare by providing a sports program that welcomes all age groups and abilities. This also includes welcoming families and other spectators to our facilities from all across Wyoming, South Dakota, Montana, and other various states. To do this, we have some very well used wooden bleachers that need to be replaced to assist our track in welcoming even more families as we grow the sport and welcome national competitions to our area.

Relocating these assets to our facility would ensure that community members will still get to benefit from the use of the bleachers and also serves as an eco-friendly alternative to the school having to pay disposal or recycling fees. If Razor City BMX is chosen, we offer to handle the dismantling, loading, and transportation of these assets to our facility, in turn saving the district money on labor they would otherwise spend to clear the site.

Should you have other questions for our track or to meet with us in person, please contact myself, Nathan Matte, by phone at 307-660-4187 or email at razorcitybmx01@gmail.com. Razor City BMX looks forward to helping the district transition smoothly into the new facility while keeping these assets in community use and we thank you for your consideration.

Sincerely,

Nat Matt
