PETAL EDUCATION FOUNDATION

STUDENTS, YOUR FUTURE STARTS HERE!

The Petal Education Foundation offers a variety of scholarships for Petal High School students—including academic, athletic, business, leadership, and extracurricular opportunities.

Explore the scholarships and apply as soon as possible!

Tips to be a Successful Applicant

- Submit a separate application and complete set of supporting documentation for each scholarship.
- Request one transcript through the link posted to Canvas.
- Applications must be typed or completed in blue or black ink. No pencil or colored ink.
- Complete both pages of the application and include your signature. Incomplete applications will not be considered.
- Do not include community service hours required for a class (i.e., Health Science).
- For service scholarships, include specific numbers (hours served, number of events, etc.) and a brief description.
- Follow each scholarship's specific requirements for letters of recommendation.
- Proofread your application and have a teacher, counselor, or trusted adult review it before submitting.
- Start early! Allow yourself time to gather documents and request recommendations.
