Attendance Matters

The district has a new goal of achieving a 97% median attendance rate for elementary schools.

Loma's median attendance rate for

OCTOBER

94.12%

Our median attendance rate dropped this month. We have 23.66% of our students that are considered chronically absent.

These students are absent 10 percent or more of the days enrolled during the school year. Both excused and unexcused absences are included when determining this percentage.

We will empower all students to have a growth mindset, set learning goals and persevere to become productive citizens in our society.
