Inflectional Ending: -ed

In small-group intervention, we will learn to read and spell closed syllable words with the final consonant letter d or t plus the inflectional ending -ed pronounced /əd/.

Closed Syllable	Closed syllable words have one vowel letter followed by one or more consonants, and the vowel sound is short.
Inflectional Ending -ed	When the inflectional ending -ed is added to the end of a verb, it changes the word to the past tense. When a word (rest) ends with d or t, the -ed ending is pronounced as /əd/ (rested).
