Our Mission

To see Christ in each student as we guide him in his response to God, aid the development of his known and hidden talents, and foster a search for truth and a virtuous growth into manhood.

ACADEMIC EXCELLENCE

In a world where education is constantly changing, Subiaco Academy is grounded in something enduring. Our approach to learning is rooted in a Benedictine tradition that values discipline, curiosity, wisdom, and the lifelong pursuit of truth.

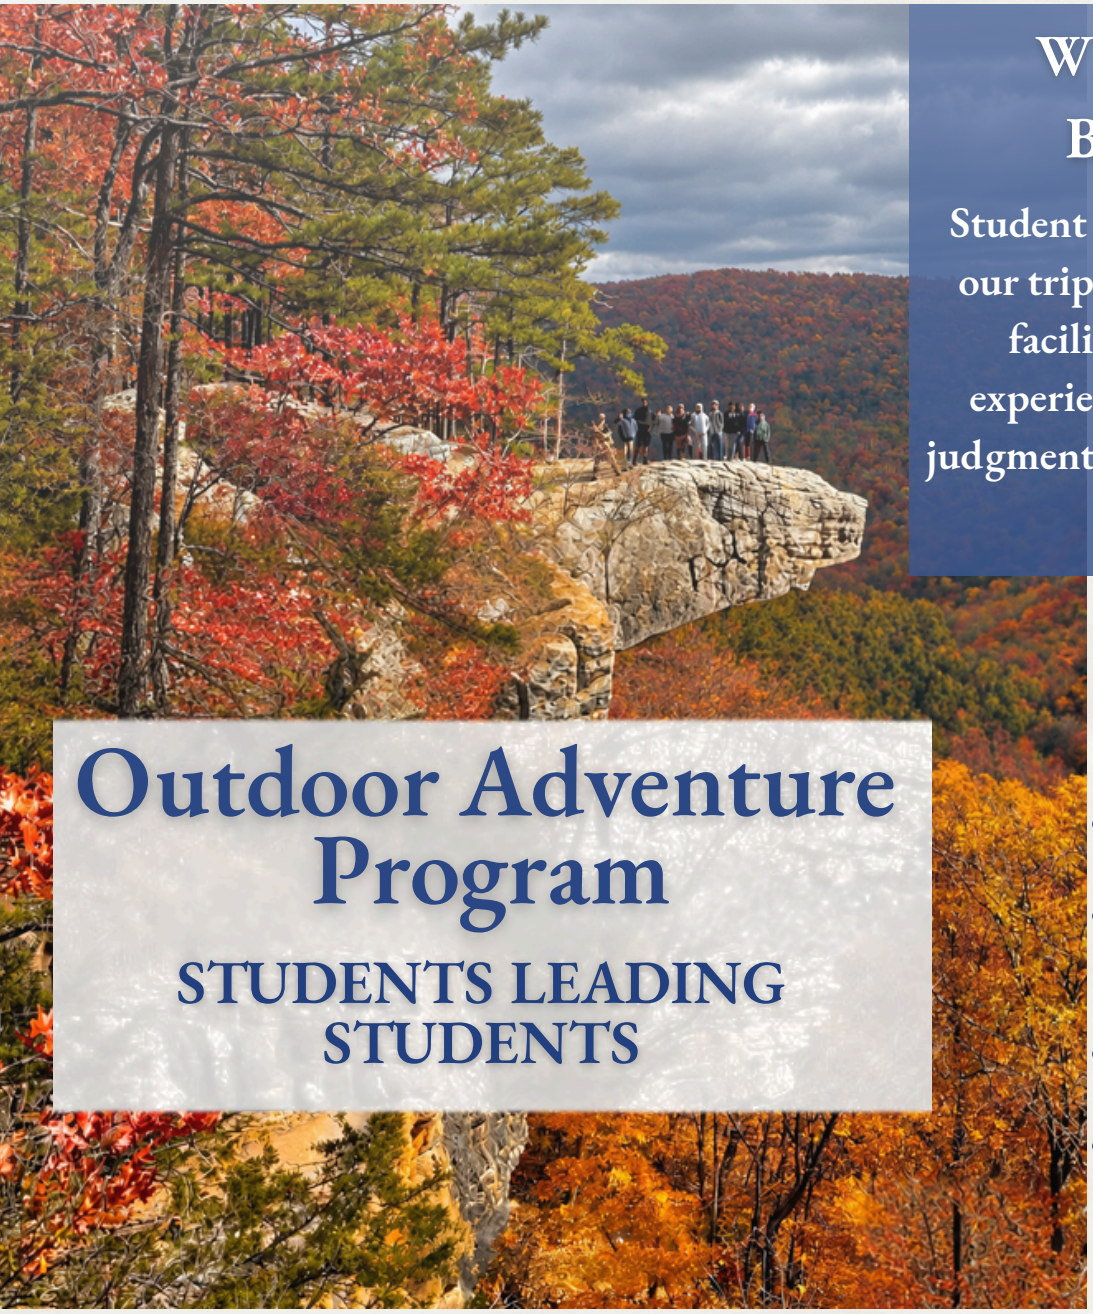

At Subiaco, academic excellence is about teaching young men to think deeply, ask meaningful questions, work with purpose, and develop the confidence to meet challenges well.

Here, students are known by their teachers, challenged according to their abilities, and encouraged to discover just how much they are capable of achieving.

A 9 to 1 student to teacher ratio provides the ideal setting for focused and individual attention; early intervention and feedback; and strong mentoring.

For 1,500 years, Benedictine monasteries have fostered learning, scholarship, and Catholic education. At Subiaco Academy, that tradition continues as students are challenged to grow in knowledge, wisdom, and character; and to pursue Truth with purpose.

With a strong academic foundation, 97% of Subiaco Academy graduates continue their education at the college level.

LEARNING TO LEAD

OUTDOOR LEADERSHIP

An authentic leadership experience in which students develop the judgment, technical skills, and social skills needed to lead others outdoors. Students then transfer those skills directly into leadership roles during weekend and break trips.

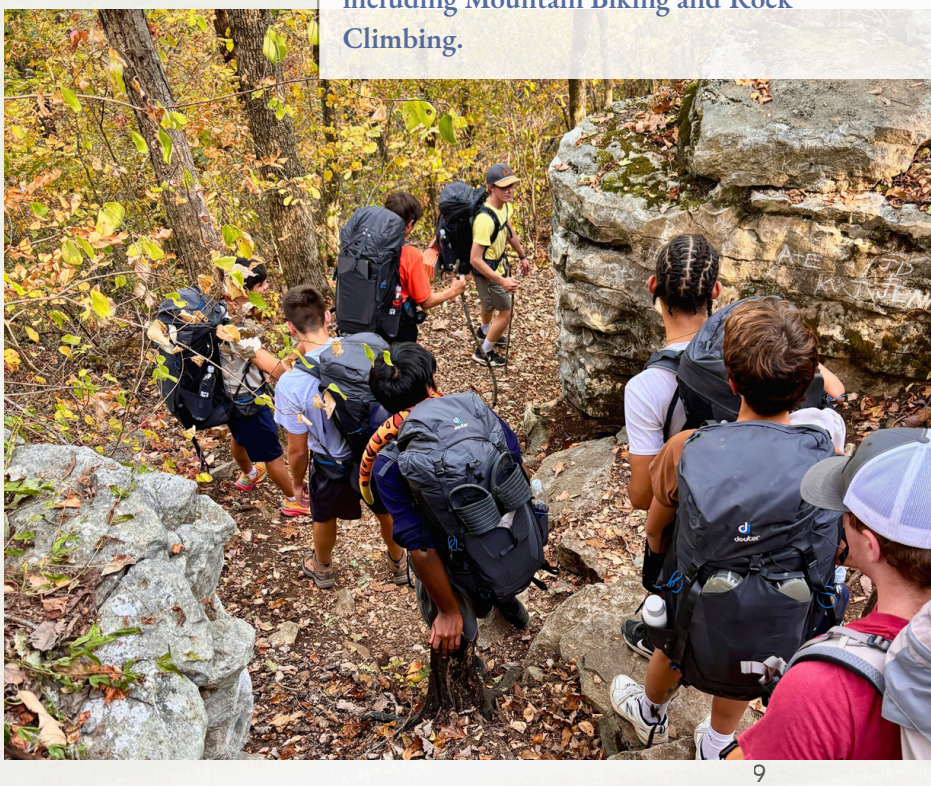

OUTDOOR ADVENTURE PHYSICAL EDUCATION

An introduction to Arkansas outdoor recreation through hands-on experiences including fishing, hiking, kayaking, snorkeling, and canoeing.

AFTER SCHOOL: OUTDOOR COMPETITION

Learning continues beyond the school day through outdoor-focused competitive sports, including Mountain Biking and Rock Climbing.

ATHLETICS & THE OUTDOORS

Athletics is a cornerstone of our student experience, fostering teamwork, discipline, and resilience among young men. Our comprehensive athletic program offers a wide range of sports and unique offerings, like our Outdoor Adventure Program that allows students to explore their physical abilities and develop leadership skills. Through athletics, Subiaco Academy nurtures not just stronger athletes, but well-rounded individuals who are prepared to tackle life's challenges with determination and integrity.

"Some of my best memories at Subiaco happened outside. We hiked, camped, kayaked, and done things I probably never would have tried on my own. You get out there with your friends, and it ends up being one of the best parts of the year."

-Current Subiaco senior

"With so many sports here, there's almost always something you can try. A lot of guys play more than one sport, and sometimes you find out you're good at something you never expected."

In the Classroom
