DEMOCRACY STARTS AT STEAM

At MV STEAM Academy, the future of civic engagement is in good hands, thanks to the incredible efforts of Social Studies teacher Ms. Guziczek! On October 15, STEAM Academy held another successful student-led voter pre-registration drive, empowering students to make their voices heard and take their first steps toward active participation in democracy.

Partnering with The Civics Center, Ms. Guziczek and her student volunteers visited 10 U.S. History classes and Ms. Centone's 9th-period Civics class, reaching all juniors and distributing 46 voter registration forms. By the following day, four students had already returned completed forms!

The day's success relied heavily on outstanding student volunteers, Juniors: Kadeen Rodney, Isabella Rosario Rodriguez, Jane Martins, Sarah Abdallah Rababah, and Ashley Ramirez Perez. These students stepped up as leaders, educating their peers about voting and the importance of civic participation.

Reflecting on the event, Ms. Guziczek shared her appreciation for everyone who helped make it possible. "A special thank you to Mr. Pally, Mr. Johnston, and Mr. DeHay for graciously allowing us to visit your classrooms," she wrote. She also praised the student volunteers, noting that they "represented our school exceptionally well throughout the day." She also thanked the administration, especially Mr. Engelhardt, for supporting the initiative, adding, "This was truly a team effort, and I appreciate everyone's willingness to support our students and promote civic engagement."

Of course, Ms. Guziczek deserves an enormous shoutout herself! Her dedication to creating meaningful, real-world learning opportunities continues to make a difference at MV STEAM. By encouraging students to become informed, engaged citizens, she is teaching lessons that extend far beyond the classroom. Thank you for reminding our students that their voices matter and for helping the next generation find the power in using them!

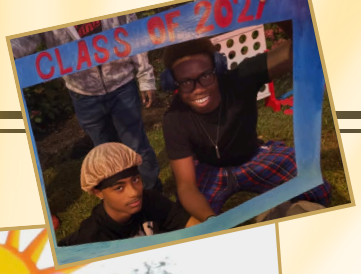

Class of 2027

Seniors Welcome the Sunrise

p

and Ms. Roberts goes to Class of 2028 advisor Ms. Wallace and Assistant Principal Mr. Alexander for helping to organize the celebration, as well as the administrators, teachers, and staff who came out to share the morning with the Class of 2027.

Senior Sunrise marks the beginning of a year full of milestones for the graduating class, with plenty more memories still to come before they watch the sun set on their senior year.

District News

STUDENT VOICES IN ACTION

SCAN THE QR CODE TO READ THE FULL SRTICLE ON OUR DISTRICT WEBSITE!

Two Mount Vernon STEAM Academy students are helping lead the district's Mount Vernon Voice and Vision, a student advisory board that works directly with Superintendent Dr. Demario Strickland to ensure students have a voice in district decisions.

Vidhi Goel serves as vice-chairwoman, while Alistair Bell serves as secretary on the executive committee. The students recently met with Dr. Strickland and other student leaders to plan for the year, review the council's bylaws, and discuss how they can best represent their fellow students.

Voice and Vision brings together student representatives from across the district to share their ideas, concerns, and perspectives with district leadership. The full council will meet in mid-October as members begin another year of working together to make sure student voices are heard.

Through their leadership roles, Vidhi and Alistair are helping represent STEAM Academy while contributing to conversations that impact students throughout Mount Vernon.

STAFF MEMBER OF THE MONTH NOMINATION FORM

Every role in our school makes a difference. Help us recognize a colleague who goes above and beyond! Nominations are open to all staff members, teachers, security, support staff, office, custodial, cafeteria, TAs, and more!

Senior Spotlight

GROWING GREEN: HAWA MASSAQUOI LAUNCHES STEAM'S NEW ECO CLUB

SCAN THE QR CODE TO READ THE FULL SRTICLE ON OUR DISTRICT WEBSITE!

Mount Vernon STEAM Academy is getting a little greener thanks to senior Hawa Massaquoi, who turned her passion for environmental sustainability into the school's newest student organization: the Eco Club.

Hawa first came up with the idea during her junior year after seeing environmental issues in her own community and wanting to make a difference. After more than a year of advocacy, meetings, and persistence, the Eco Club became a reality.

"I always had a passion for environmental issues specifically," Hawa shared.

The club gives students across grade levels a chance to learn about environmental issues affecting Mount Vernon and take action. At a recent school event, students learned about the city's sewer systems, while seventh- and eighth-grade students helped Hawa lead interactive stations and encourage others to get involved.

The experience has also helped Hawa grow as a leader. "This experience forced me to learn public speaking and advocating for myself on something that I'm really passionate about," she said.

By th.e end of the event, students were lining up to join the club and volunteer. Eighth grader Alexander Plasencia was among them, sharing, "Every time I see trash, I just pick it up and throw it out."

With Hawa leading the way, STEAM's Eco Club is giving students a new opportunity to turn their ideas into action and make a difference in their school and community

District News

A SWEET CELEBRATION OF FAMILY AND INCLUSION!

The Mount Vernon City School District's Special Education Parent Teacher Association (SEPTA) brought families together for a fun-filled Ice Cream Social on October 8! The event welcomed families of students in grades K-8 for an afternoon of sweet treats, creativity, and community connection. While students enjoyed

ice cream and themed arts and crafts, parents learned about valuable resources, including the Daisy Dream Project, Miracle League of Westchester, and Special Olympics. SEPTA also shared its goals for the school year and encouraged families to get involved in supporting students with disabilities.

Around the School

VERY IMPORTANT PEOPLE, VERY SPECIAL MOMENTS!

On Friday, October 9, Mount Vernon STEAM Academy welcomed some very special guests for VIP Day! Students invited a Very Important Person in their lives to join them for a morning of connection, appreciation, and celebration. Guests had the opportunity to meet the principal, enjoy coffee and donuts, and spend quality time with their students. The event brought together families, mentors, and other important role models who help support and inspire our STEAM scholars. With a wonderful turnout, VIP Day was a heartwarming reminder of the important role our school community plays in student success. Thank you to everyone who attended and helped make the day so special!

Field Trips

JUNIORS TAKE ON LADY LIBERTY!

On October 22, the Class of 2028 enjoyed a beautiful fall day exploring the Statue of Liberty! For many juniors, it was their first visit to this iconic landmark, making the experience even more memorable. The trip was planned by Class of 2028 advisor Ms. Wally, with special thanks to our wonderful chaperones Mr. DeHay, Ms. Guz, Ms. Prince, Ms. Carroll, Mr. Pally, Ms. Jaffess, and Security Officer Jesse for helping make the day such a success!

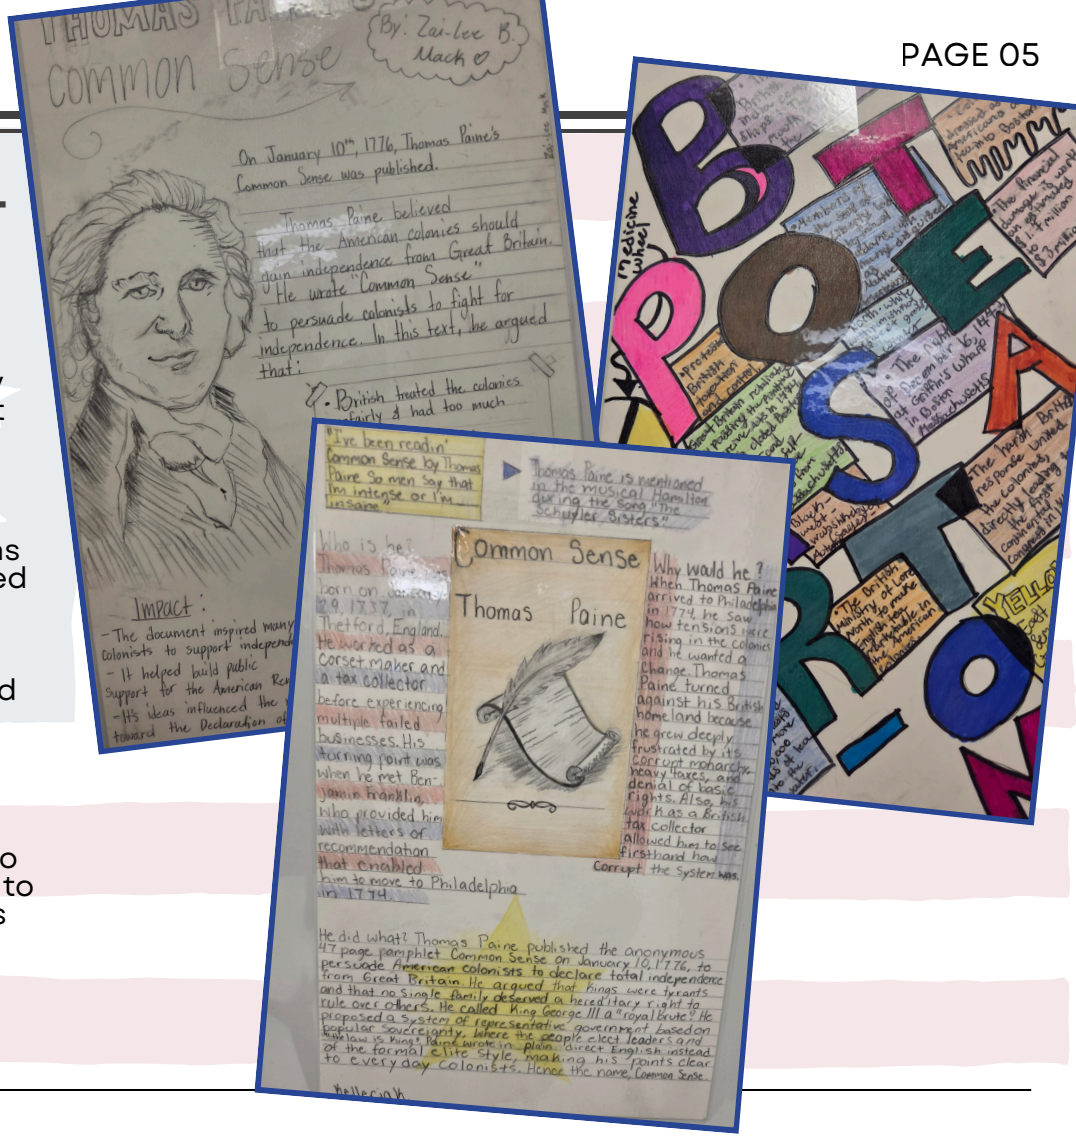

Social Studies Department

NO TAXATION WITHOUT ILLUSTRATION!

Students in Mr. DeHay's U.S. History classes recently put their creativity and historical knowledge on display through one-pager projects for Unit 11.1: Colonial Foundations.

Combining research, illustrations, and colorful designs, students explored important events and ideas that shaped colonial America and led to the American Revolution. Their projects highlighted topics such as the Boston Tea Party, the Sugar Act, Thomas Paine's Common Sense, and the growing tensions between the colonies and Great Britain.

Each one-pager reflects students' hard work, attention to detail, and ability to bring historical concepts to life through art. From bold lettering to detailed illustrations, these projects demonstrate that learning history can be both educational and creative! Be sure to check out the impressive student work displayed outside Mr. DeHay's classroom!

Science Department

DUN DUN! CRIME SCENE INVESTIGATION TAKES OVER STEAM!

Do not cross! A crime scene appeared at MV STEAM Academy in early October, but don't worry, it was all part of an exciting hands-on learning experience in Mr. Glinias' Project Lead the Way (PLTW) Principles of Biomedical Science class!

Students, primarily in 9th and 10th grades, kicked off their biomedical science unit by stepping into the role of forensic investigators. With crime scene tape, evidence markers, and a staged scene to examine, students began gathering clues and putting their scientific thinking skills to the test.

But the investigation didn't end there! Throughout the semester, students will use evidence from the crime scene as the foundation for exploring different areas of forensic science, including autopsies, toxicology reports, fingerprint analysis, and other investigative techniques. Each clue will connect to new lessons, allowing students to build their knowledge as they work through the mystery.

A big shoutout to Mr. Glinias for bringing science to life in such a creative and engaging way! By transforming the classroom into a crime scene, he gave students an opportunity to think critically, solve problems, and experience how science is used in real-world investigations.

At STEAM, learning isn't just about finding answers, it's about following the evidence!

CRIME SCENE - DO NOT CROSS CRIME SCENE - DO NOT CROSS

School Assemblies & Events

Hispanic Heritage Takes Center Stage

SCAN THE QR CODE TO WATCH A HIGHLIGHT REEL OF THE PERFORMANCES!

MV STEAM Academy came alive with music, dance, and cultural pride during its Hispanic Heritage Celebration! Students and staff came together to honor Hispanic culture, traditions, and the incredible talents of our STEAM community. With performances throughout the morning for grades 7–12, the celebration showcased the diversity, creativity, and school spirit that make STEAM so special.

The celebration kicked off with an energetic Bad Bunny mashup of “NUEVAYoL” and “Tití Me Preguntó,” featuring dancers Jharri Monpoint, who also served as choreographer, Aaron McKenzie, and Kaylie Valentin. Next, Ashley Rodriguez and Hanssel Alberto performed “Amor” by Emmanuel Cortes, followed by Kimberly Munguia's reading of “Hair” by Elizabeth Acevedo, celebrating identity and cultural pride.

The energy continued with a lively merengue and dembow dance mashup, featuring “Pikete Bo Bo Bo” by Venty4 and Bryant Prende and “Moviendo La Cadera” by Los Hermanos Rosario. Dancers Isabel Ferreira, Zenaida Bueno, Avanna Griffith, Khalelia Helsop, Lacey Henry, and Dameish Mitchell brought rhythm and excitement to the stage! Music remained at the heart of the celebration as Cindy Barragan Chavez performed “¡Corre!” by Jesse & Joy, accompanied by Karina Sotero on guitar and Mrs. Faust on piano. The celebration also featured STEAM's very own Overcast Rockband, performing “Francés Limón” by Los Enanitos Verdes and Selena's beloved hit “Bidi Bidi Bom Bom.” The band featured Cesar Aguilar on lead vocals, Wally and Ms. Mag on vocals, Eliab Obando on lead guitar, Alistair Bell on rhythm guitar, Carlos Garcia Pena on bass, and Mrs. Faust on drums. Want to keep up with Overcast and their performances? Follow them on Instagram at @overcast_mvsa!

Special thanks also go to Kaden Garcia, a student participant in the celebration, and Mr. Hyman, who hosted the 11th- and 12th-grade time slot. A huge shoutout to Mr. Molina for DJing the event and bringing his own sound equipment, helping make this year's performances sound better than ever! Of course, an event like this would not be possible without the hard work and dedication of the Hispanic Heritage Celebration Planning Committee. A tremendous thank you goes to everyone who helped organize, coordinate, and bring the celebration to life. Special recognition goes to Ms. Faust and Mr. Alexander, whose time, dedication, and efforts helped make the celebration a success. Their commitment to supporting student talent and celebrating cultural diversity helped create a memorable experience for the entire STEAM community.

Spanish Department

¡VIVA LA CULTURA!

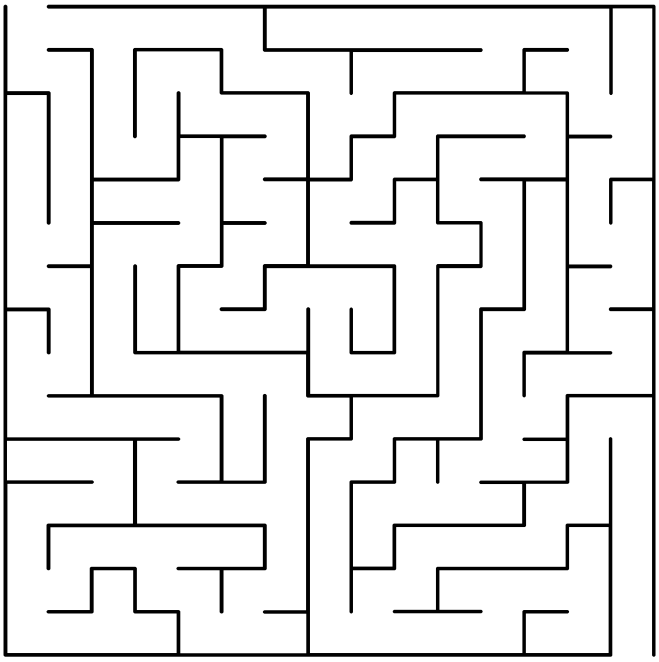

Students in Ms. Ramirez's Spanish 3 classes, grades 10–12, brought Hispanic Heritage Month to life through a colorful celebration of culture, history, and traditions! Working in groups of four or five, students researched Spanish-speaking countries and created interactive cultural stations designed to educate their peers and celebrate the diversity of the Hispanic world.

Each group developed an informative trifold display highlighting its assigned country's history, language, traditions, cuisine, and unique cultural contributions. From Chile and Colombia to El Salvador, students showcased their research through vibrant visuals, national flags, and fascinating facts. The project also encouraged students to explore traditional dishes from their assigned countries, connecting classroom learning to real-world cultural experiences.

More than just a research assignment, this project gave students an opportunity to become cultural ambassadors, sharing their knowledge while developing a deeper appreciation for the traditions and identities that make each country unique.

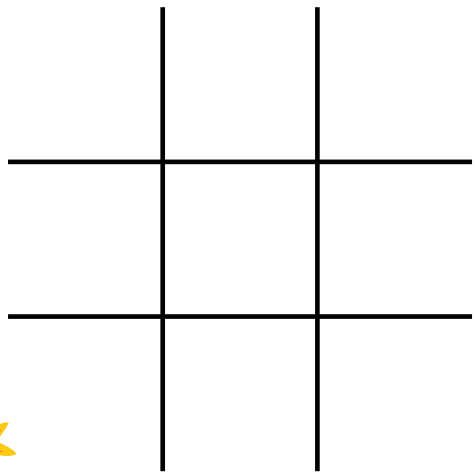

A special shoutout to Ms. Ramirez for creating such a meaningful learning experience! Her vision is to make this celebration a lasting STEAM Academy tradition, bringing students together to explore, appreciate, and celebrate Hispanic heritage for years to come.

CHALLENGE A FRIEND!

Middle School

A WILD ADVENTURE AT THE BRONX ZOO!

On October 21, MV STEAM Academy's 7th- and 8th-grade students took learning beyond the classroom with an exciting field trip to the Bronx Zoo! Students spent the day exploring wildlife, observing a variety of animal species, and learning about biodiversity, animal habitats, and conservation. During the visit, students saw animals up close, asked questions, and connected what they've been learning in the classroom to the world around them. The trip encouraged curiosity, teamwork, and a greater appreciation for wildlife and the environment.

Ms. Ingram and Ms. Makayla thoughtfully planned the trip and helped make this wonderful educational experience possible. Thank you to both for giving our students a day filled with exploration, discovery, and unforgettable memories. We would also like to extend our sincere gratitude to the dedicated chaperones, Ms. Prince, Mr. Batkay, Ms. Ingram, Ms. McIntyre, Maxwell, Ms. Lupi, Ms. McLawrence, and Mr. Anselmo, whose support, supervision, and commitment helped ensure a safe, engaging, and successful experience for all students. Their willingness to give their time and energy made this memorable day possible. Together, everyone helped create an experience that proved once again that some of the best learning happens outside the classroom!

Guidance Department

HER HONOR SHINES!

On October 7, the Annual HER Honor Luncheon brought together mentors and mentees at the Larchmont Shore Club. Congratulations to this year's mentees: Natalia Martinez, Khloe Iyamu, Valeria Martinez, and Tajahnae Waites!

BREAKING NEWS

Homecoming 2026

Three Schools, One Knight Nation!

School spirit shone on Friday, October 23, as students from Mount Vernon STEAM Academy, Denzel Washington School of the Arts, and Mount Vernon High School joined forces for the Mount Vernon Unified Homecoming Pep Rally!

Held in the Mount Vernon High School gymnasium, the celebration brought all three high schools together for an afternoon filled with excitement, music, friendly competition, and plenty of maroon and gold! From the drum corps' energetic beats to impressive cheerleader performances, the gym buzzed with Knight pride as students rallied behind the Mount Vernon Knights ahead of their Homecoming football game against Ramapo.

Of course, STEAM Academy had its own moment in the spotlight! Our very own senior, KB Jackson, won musical chairs! Congratulations, KB, for representing STEAM and showing everyone that our Knights know how to bring the competition!

More than a pep rally, the afternoon celebrated unity, school pride, and the connections shared across our district. Three schools may have filled the gym, but everyone came together as one Knight Nation! Once a Knight, always a Knight!

SCHOOL SPIRIT STARTS STRONG!

Mount Vernon STEAM Academy kicked off its first Spirit Week of the school year from October 19–23! Students and staff showed off their creativity and school pride with Flag Day, Rep Your Element Day, Twin Day, Anything But a Backpack Day, and Maroon & Gold Day! The week was filled with fun, laughter, and plenty of school spirit as our STEAM community came together to celebrate!

BUILDING STRONGER CONNECTIONS BETWEEN SCHOOLS AND FAMILIES

SCAN THE QR CODE TO READ THE FULL SRTICLE ON OUR DISTRICT WEBSITE!

The Mount Vernon City School District's Family and Community Engagement (FACE) Committee held its first in-person meeting of the 2026-2027 school year on October 20, bringing together families, educators, and district leaders to strengthen school-community partnerships.

Attendees enjoyed food and mocktails prepared by Mount Vernon High School's Culinary and Hospitality students while discussing ways to improve communication, increase family involvement, and create more opportunities for parents to participate in their children's education. The committee also explored new initiatives, including the proposed MV Family Academy, designed to provide families with resources and support to help their children succeed.

STEAM Academy is proudly represented on the committee by our very own Mr. Emerson! In addition to teaching middle school Social Studies, Mr. Emerson helps lead the district's Special Education Parent Teacher Association (SEPTA), demonstrating his continued commitment to supporting students and families throughout Mount Vernon.

Through initiatives like FACE, our district continues to build meaningful connections and ensure that families have a voice in their children's educational experiences. We're proud to have Mr. Emerson representing the STEAM community in this important work!

"I'm truly excited to be part of the Family and Community Engagement Committee and to help strengthen the connection between our schools and families. The mocktails and hors d'oeuvres were exceptionally prepared by the chef and her talented student team. I was incredibly proud of the students and the professionalism they demonstrated. It was a wonderful way to kick off what I know will be a meaningful year of collaboration!" - Mr. Emerson

GIVING BACK, ONE CAN AT A TIME: COMMUNITY FOOD DRIVE AT STEAM ACADEMY

The season of giving is here! Little People Big Hearts Daycare, Little People Big Hearts Helping Hands Inc., and the INSPIRE Scholars Program are joining forces to collect food for local families in need.

Running from October 16 through November 20, the community food drive welcomes donations of nonperishable items, including canned goods, pasta, rice, oatmeal, cooking oil, baby food, and more. Donors can drop off donations at the MVSA security desk.

One of the drive's sponsors, the INSPIRE Scholars Program, has already made a tremendous impact at STEAM Academy. Founded by STEAM alumna Maame Forson and Heily Gonzalez, the program supported 35 students in its first year through mentorship, college-readiness workshops, and personal development opportunities. Now, INSPIRE continues its mission to uplift the Mount Vernon community through service.

Every donation, big or small, makes a difference. Let's come together to help put food on our neighbors' tables!

Guidance Department

EXPLORING FUTURES AT SUNY PURCHASE COLLEGE

On October 21, 2026, Mount Vernon STEAM Academy students attended the Career Council, Inc. Fall College Fair at SUNY Purchase College, where they had the opportunity to explore higher education options, meet college representatives, and gather valuable information about their futures.

Throughout the event, students learned about different colleges, potential career pathways, and the many opportunities available after graduation. Even more impressive was the positive feedback received from the Career Council team, who shared that college representatives were particularly impressed by our students' behavior, enthusiasm, genuine interest, and thoughtful questions.

The trip was a wonderful opportunity for students to broaden their horizons and begin envisioning their next steps beyond STEAM Academy. This experience was made possible through the efforts of our Guidance Department, led by Ms. Caldwell, whose dedication to creating meaningful opportunities for students continues to make a difference.

A special thank you to Ms. Caldwell, our Guidance Department, and everyone who helped make this experience possible, as well as to our students for representing our school community with such pride and professionalism! Our students are exploring their futures, one opportunity at a time!

No Tricks, Just Treats: Halloween at STEAM!

Things got a little spooky (and a whole lot creative!) at STEAM Academy this Halloween! From clever costumes to hilarious characters and some seriously impressive transformations, students and staff brought their Halloween A-game. Take a peek at some of the frightfully fun faces that filled our hallways!

Staff Spotlight

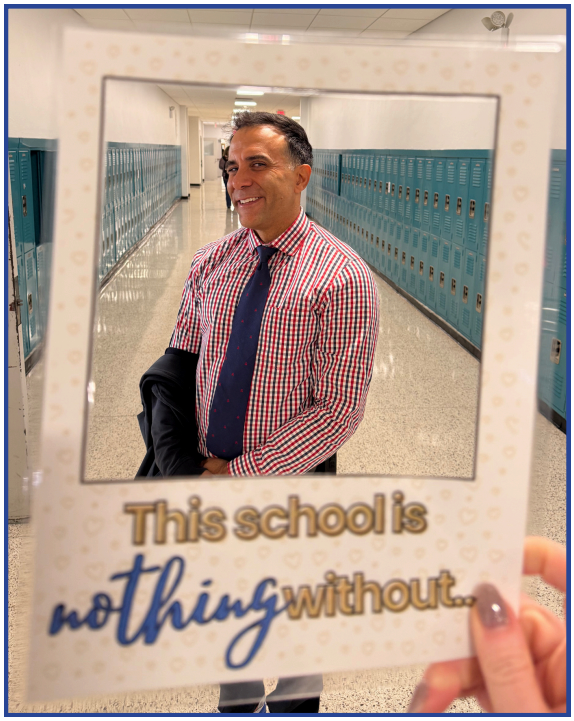

NATIONAL DAYS

Each month, we celebrate the incredible members of our MV STEAM family on their National Days! This October, we recognized School Custodian Appreciation Day on October 2nd and celebrated National Principals Month throughout October. Join us as we shine a spotlight on the dedicated individuals who work tirelessly behind the scenes and lead with heart, helping make STEAM Academy such a special place for our students and staff!

October is National Principals Month, and MV STEAM Academy is proud to recognize Principal Mr. Engelhardt for his dedication, leadership, and commitment to student success! This year marks Mr. Engelhardt's 10th year as principal, a milestone reflecting a decade of guiding students and supporting school communities. During his time in Elmsford, he helped achieve the school's highest graduation rate and established open enrollment, accomplishments that highlight his commitment to expanding opportunities for students.

For Mr. Engelhardt, being a principal is about much more than overseeing a school. It's about making a difference in students' lives. He shared that providing guidance and support while serving as a positive role model is the most important and rewarding part of his job. His motivation for becoming a principal was simple but meaningful: his love for student success.

Outside of school, Mr. Engelhardt enjoys spending time gardening with his daughters, a hobby that has become a cherished family tradition! As we celebrate National Principals Month, we want to thank Mr. Engelhardt for his leadership and dedication to the MV STEAM community. His passion for helping students succeed reminds us of the important role principals play in shaping not only schools but also the futures of the young people they serve.

Happy National Principals Month, Mr. Engelhardt! Thank you for everything you do for STEAM!

October 2nd marked National School Custodian Appreciation Day, and at MV STEAM Academy, we have plenty of reasons to celebrate!

Our incredible custodial team works tirelessly to keep our school clean, safe, and welcoming for students and staff each day. From early mornings to late evenings, their hard work often happens behind the scenes, but you can see its impact in every hallway, classroom, and corner of our building.

Led by Head Custodian Bracey, our dedicated team includes Manny, Bella, Marisol, Winston, Kris, Gladstone, and Destiny, along with our evening custodian, Craig, who helps ensure our building is ready for another busy day of learning.

Whether they're preparing spaces for special events, responding to unexpected messes, or simply greeting students and staff with a smile, our custodians do so much more than maintain our building. They are an essential part of the STEAM family!

To our entire custodial team: thank you for everything you do to make STEAM Academy a place we're proud to call home!

About MV STEAM Academy

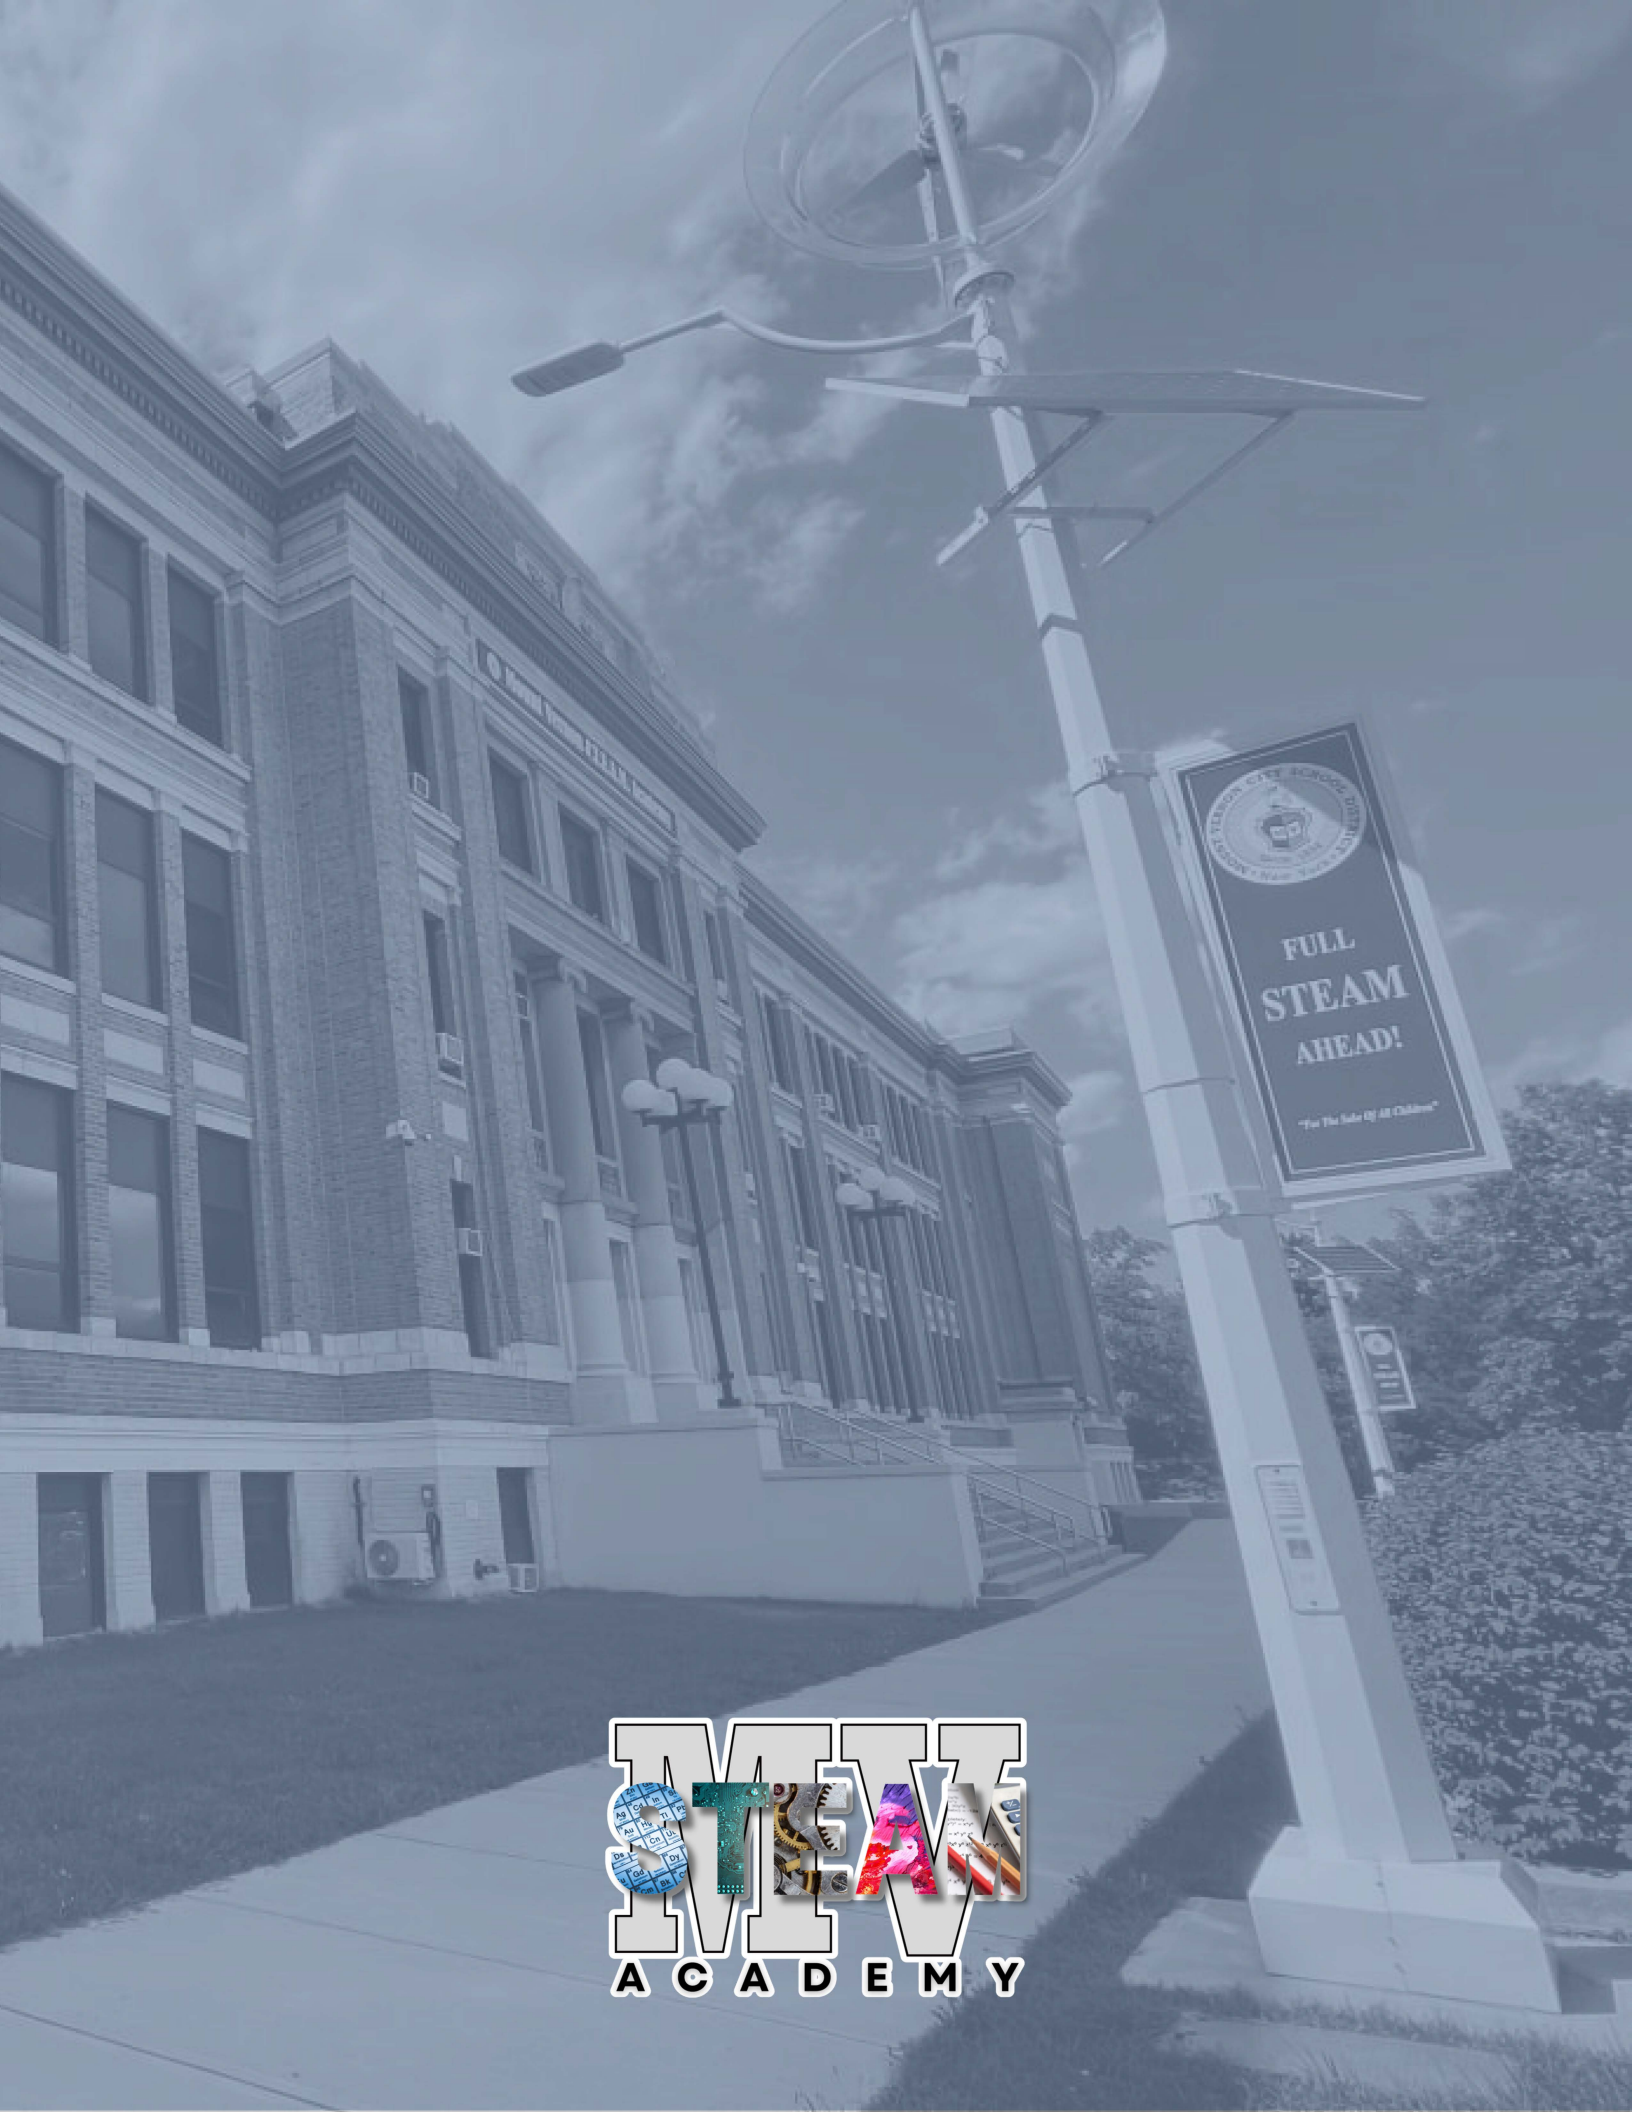

MISSION AND VISION

The vision of the Mount Vernon STEAM Academy is to prepare students for success in the 21st century by providing equitable, rigorous, and innovative learning opportunities across all content areas through a STEAM lens.

We will promote active learning and challenge our students to take full ownership of their education, centered around the 4Cs (critical thinking, communication, collaboration, and creativity) and 5Es (engage, explore, explain, elaborate, and evaluate). We encourage our students to identify and recognize their skills, talents, and passions.
