Skill 5.4

Open: Long Vowels a, e, i, o, u, and y

In small-group intervention, we will learn to read and spell open syllable words.

Open Syllable	Open syllable words have one vowel letter followed by no consonants, and the vowel sound is long. The letter y at the end of a syllable takes on the role of a vowel.
Long Vowels a, e, i, o, u, and y	The vowel letter: • a represents the vowel sound /ā/, as in apron. • e represents the vowel sound /ē/, as in equal. • i represents the vowel sound /ī/, as in ice. • o represents the vowel sound /ō/, as in ocean. • u represents the vowel sound /ū/, as in Ruby or unicorn. • y represents the vowel sound /ī/ in single-syllable words, as in shy or my.

by	so	shy	hi
fly	pro	me	sky
be	dry	sly	he
no	she	cry	spy
my	try	we	go

fly to the	in the sky
go in the	she can
can we go	is not shy
is a pro	will try to
has to dry	be so fun
