School & Community

QSI International School of Shenyang was founded in 2012 to provide a quality education for expatriates living in Shenyang, China who wish their children to be educated in English. Parents of the school's students are employed primarily by foreign corporations including Brilliance Motor Works (BMW), Michelin, Arnold Fasteners, Mitsubishi, Lotte and several foreign consulates located in Shenyang. The school recognizes that most of the expatriate students enroll for only two or three years and have diverse educational backgrounds.
