The International School of Berne (ISBerne) has the following opening for the 2027-28 school year:

International Baccalaureate Middle Years Programme (IB MYP) Integrated Science and International Baccalaureate Diploma Programme (IB DP) Chemistry Teacher

starting in August 2027.

ISBerne is a dynamic, friendly and thriving school located close to the capital city of Bern, Switzerland. As an authorized International Baccalaureate (IB) World School, ISBerne provides a comprehensive educational journey through the Primary Years Programme (PYP, ages 3-11), Middle Years Programme (MYP, ages 11-16), and Diploma Programme (DP, ages 16-18), along with the ISBerne Diploma.

ISBerne aims for all students to be reflective and responsible life-long learners who are active global citizens. The school ethos is based on the attributes of the IB Learner Profile and advocates a constructivist approach to teaching and learning.

The International School of Berne was founded in October 1961. The school is housed in a spacious purpose-built campus which includes three brand new state-of-the-art science laboratories with a dedicated prep' room, a big central library, subject dedicated classrooms and a large double gym.

With an enrollment of approximately 250 students, representing around 50 nationalities, ISBerne boasts a diverse community. Supported by a dedicated team of about 50 faculty and administration staff, our school is committed to providing a dynamic and enriching educational experience for every student.

The Position

ISBerne seeks to appoint an IB MYP Integrated Science and IB DP Chemistry Teacher, who is excited by the challenge of collaboratively contributing to curriculum development. The ability to teach IB DP Environmental Systems and Societies (ESS) may be an advantage.

The successful applicant will be an accomplished teacher with experience, enthusiasm and a passion for teaching which will inspire our students. They will also recognise the importance of being part of a collaborative team and the wider faculty.
