2026/2027 Board Goals

Academic Achievement: The Board will maintain student achievement as its highest priority by regularly reviewing District achievement data, monitoring progress toward academic goals, and ensuring that board policies, budget decisions and resource allocations support student learning. The Board will focus on addressing academic needs, reducing achievement gaps, supporting the administration in staff retention / growth / opportunity, and promoting continuous growth and improved outcomes for all students.

Board Governance and Culture: The Board will strengthen its governance practices through effective oversight, financial stewardship, professional and respectful collaboration, ongoing Board development (via finance, civility, governance training), and informed decision-making. The Board will maintain effective committee protocols and communications, consider community perspectives, and continue regular review and updating of Board policies and maintaining the Policy Guide.

Referendum and Safety: The Board will provide responsible oversight of facilities, referendum projects, and school safety initiatives by monitoring project progress, fiscal accountability, facility needs, security, and emergency preparedness, while maintaining transparent communication with the community, to ensure district resources support safe, secure, and effective learning environments for students and staff.

Strategic Plan Support: The Board will provide the governance, resources, and oversight necessary to advance the district's strategic priorities of Human Connection & Belonging, Academic Rigor, Future Preparedness, and Fiscal Stewardship through effective policy leadership, strategic decision-making, and accountability for results that support student success.

2025/2026 Board Goals

Academic Achievement - The Board will ensure academic achievement is the central focus in decision making by creating and implementing systems and frameworks that prioritize academic success. The Board will work with the administration to prioritize teacher retention, training and recruitment to support achieving academic success.

Safety: The Board will work with the administration to upgrade and refine safety and security measures to ensure student and staff safety and continue to maintain a positive school climate for all students to thrive in.

Governance: The Board will conduct a comprehensive review of existing committee protocols and communications across committees and implement recommended

actions. The Board will update the Policy Guide and implement a schedule for reviewing policies.

Referendum and Strategic Plan: The Board will collaborate with the administration to launch enhanced communications to inform community members of the referendum. The board will empower the Finance Committee with the administration to create a capital project plan regardless of the referendum outcome. The Board will facilitate the implementation of the strategic planning process in coordination with the administration.

2024/2025 Board Goals

Academic Achievement - The Board is dedicated to creating and implementing systems and frameworks that prioritize academic success, ensuring it remains a central focus in decision making.

Governance and Structure - The Board of Education aims to enhance the effectiveness of its committees and overall Board operations by conducting a comprehensive review of existing committee protocols, evaluate Board onboarding processes, and study Robert's Rules.

Communications - To enhance communications and foster community engagement with all stakeholders, the Board will broaden its efforts to highlight and celebrate district accomplishments.

Referendum - The board will collaborate with the administration to identify district capital project needs for a referendum. They will develop a comprehensive communications plan to engage stakeholders.

Safety - To continue to upgrade and refine safety and security measures to ensure student and staff safety.
