How to Set Up Your Crowdfunding Page

Crowdfunding helps travelers raise money for their trip by sharing a personalized page with family and friends. Follow these easy steps to get started!

1 Log In to Your Portal

Sign into your **GL Travel Tour Portal**. Find your upcoming trip and click the `View` button next to the traveler's name.

2 Open Crowdfunding Settings

Hover over the `Actions` menu button on your enrollment dashboard, then select `Configure Crowdfunding`. This opens the page editor where you can personalize your fundraising setup.

3 Personalize Your Page

Make your page meaningful and motivating for potential supporters:

- **Upload a photo:** Click the camera avatar circle to add a friendly or trip-related picture.
- **Add your name:** Enter the traveler's name in the Name field.
- **Write your story:** In the *About You* box, explain why this trip matters and thank supporters in advance.

Click `Save` when finished making edits.

4 Publish Your Page

When you are happy with how your page looks, click `Publish` to make your page live and ready to accept donations. You can return at any time to update your content.

5 Share Your Page

Use the `Copy Link` button to grab your unique fundraising link to share in emails, text messages, or social posts. You can also click `Download a QR Code` to save a scannable code.

Pro Tips for Success

- **Choose a clear photo:** A high-quality photo (smiling face or trip destination) helps make a personal connection.
- **Keep it concise:** Share why the trip is special to you and what learning experiences you look forward to.
- **Share consistently:** Remind family and friends periodically and send gentle updates closer to your payment deadlines.
