November 2026

Debbie Domingue, Principal

Lakeisha Declouet, Assistant Principal

Principal's Pen

Thanksgiving is almost here, and we are thankful to have made it this far already. This is a common time for students to get caught by deadlines. Please ensure your child keeps up with schoolwork, reading, and studying so as not to get behind in learning. If you have even the slightest concern about your child, please reach out to his/her teacher.

Readers Are Leaders

How did your child do on his/her report card? Want to know the difference between students who do well in school and students who struggle? While there are many factors, one of the main contributors to student success is how well a child reads. If you ensure that your child practices reading as often as a sport he/she loves, your child will be a cut above the rest.

Math Matters

There is no secret to success in math in school and outside of school. The key is mastering the basic facts. Students who can say their facts automatically without using fingers or pencil and paper will coast through school. If basic facts are not committed to memory, your child's productivity in class will be severely reduced. Please set a goal to practice basic addition, subtraction, multiplication, and division facts every day.

Congratulations to This Month's Tournament of Champions Winners:

1st Grade: Zoey Duplantis

2nd Grade: Malakai Aucoin

3rd Grade: Ryan Nash
